TO: Citizens of Benton County

RE: 2015 – 2016 Benton County Budget

Citizens of Benton County, it is an honor to present the final 2015 – 2016 biennial budget. This is the third biennial budget the County has prepared as a means of maintaining financial stability and services sustainability. While this biennial budget appears 8% over the 2013-2014 biennial budget, large capital projects such as 1) the replacement of the heating, ventilation, and air conditioning system in the Prosser Courthouse, 2) a security system upgrade and additional cameras installed at the Kennewick Justice Center, 3) the software upgrade of a new property tax and assessment system, and 4) the potential construction addition of a Mental Health Detention section in the Jail are just a few of the major components for this increase. These capital projects, along with others can be found in the November 4, 2014 approved Capital Improvement Plan (CIP) located on the Benton County website http://benton.municipalcms.com/docview.aspx?doctype=fd&docid=11606.

The final 2015 – 2016 biennial budget process was once again challenging as there continues to be a delicate balance between innovative ideas and enhanced services.

Investing in new technology is a high priority for the County. As an example, during 2013 – 2014 the Benton County Information Technology Department moved all its users to Microsoft Exchange and Office since Microsoft was the common standard for most large organizations. This has stabilized and enhanced the County's communication technology infrastructure and the 2015 – 2016 biennium will be focused on implementing web based applications and processes used to provide effective and efficient services for both our employees and customers.

Even as the economy appears to be improving, the County's 2013 – 2018 General Fund financial forecast showed costs outpacing revenues. Therefore when developing the 2015 – 2016 biennial budget, the Benton County Board of Commissioners continued to challenge the elected officials and department managers to find innovative ways to be efficient without sacrificing current levels of service to its citizens. Through sound fiscal decision making and the ongoing efforts of seeking out efficiencies, Benton County once again was able to balance its 2015 – 2016 General Fund biennium budget.

However, there are still some uncertainties in 2015 – 2016 that need close monitoring.

Affordable Care Act (ACA) – even though it will go into effect starting 2018, the County is working through what the potential financial impact will be related to the excise tax, otherwise known as the "cadillac tax".

Economic Recovery – although showing signs of recovery, revenue projections for the County's second largest revenue source, retail sales and use tax, will continue to be analyzed quarterly in preparation to respond to any major variances from projections.

Unfunded Mandates – a potential that may arise from the State's budget deficit will be closely monitored during the upcoming legislative session.

In summary, the Benton County 2015 - 2016 biennial budget is fiscally sound and continues to provide our citizens with needed services. As such, the Board of Benton County Commissioners would like to acknowledge and thank the elected official, department managers and employees for their diligent work to implement County-wide goals and objectives by providing exceptional customer service to our citizens. We are very optimistic that 2015 – 2016 will be prosperous for Benton County and its citizens.

Sincerely,

BOARD OF BENTON COUNTY COMMISSIONERS
