

CITY OF BETTENDORF RIGHT OF WAY PERMIT APPLICATION

All work must be done in accordance with City of Bettendorf Standard Specifications. Any deviation from these standards must be approved by the City Engineer. Failure to obtain a permit prior to the commencement of work will result in doubling the permit fee and/or the issuance of a municipal infraction citation unless the work is deemed an emergency by the City Engineer. The City has the right to, and will issue, a Stop Work Order when necessary. Repeated failure to comply with these procedures may impact an entity's ability to obtain a permit for future work

Contractors are required to notify the Right Of Way Coordinator (563-344-4090) prior to the commencement of work. If the project is large and complex in nature, the Coordinator may require a pre-construction meeting prior to commencement.

Contractors and/or their subcontractors shall notify the Engineering Division (563-344-4055) a minimum of seventy-two (72) hours prior to any lane reductions, road closures or associated detours necessary to complete the work.

Contractors and/or their subcontractors shall notify the Construction Supervisor (563-344-5716) a minimum of forty-eight (48) hours prior to patching any City street, alley or recreational trail. A Construction Inspector is required to monitor this work.

Plan drawings and proposed traffic control plans (when applicable) must accompany this application.

Applicant Name Street Address City, State, Zip (Please Print)			
Contact Person		Phone	
Excavation to be in (mark all that apply)	Street <input type="checkbox"/>	Boulevard <input type="checkbox"/>	Sidewalk <input type="checkbox"/>
Location	Property Address: _____		
	OR In _____ St. from _____ St. and _____ St.		
Estimated Start Date		Estimated Completion Date	
Note: Start Date and Completion Date Must Be Reasonable. A \$100 Permit Renewal Fee Will Be Required For Work More Than 15 Days Past Completion Date.			
Purpose of Excavation:			
Base Fee is \$100 (No Charge For Sewer Lateral Repairs)			\$

By signing below and upon issuance of the permit, the applicant understands and accepts full responsibility and liability for any actions occurring under this permit. As a condition of issuance, the applicant shall, to the fullest extent allowed by law, indemnify and hold harmless the City of Bettendorf, its agents and employees from liability occurring from the applicant's actions. The City of Bettendorf does not supervise or control excavations or the applicant's work under this permit. If anything of a mechanical (i.e. sprinkler system, etc.) or cosmetic (i.e. decorative concrete, etc.) nature is placed in the right-of-way, these modifications will be at the property owner's risk. Repair or replacement will NOT be the City's responsibility.
