Section 1

BE IT ORDAINED by the Borough Council of the Borough of Dunellen in the County of Middlesex as follows that the Dunellen Municipal Code, Chapter 233 Sewer Use, Article I General Legislation, Section-37, Sewer Rates, is amended to read as follows:

Section 233-37. Sewer rates.

The sanitary sewer rates shall be as follows:

A. For calendar year 2026, owners of single-family residential properties, including existing townhouses or those created through redevelopment projects that are connected to the Borough's sanitary sewer system, shall pay a flat annual rate in the amount of \$375.00. Beginning in calendar year 2027, owners of single-family residential properties including existing townhouses or those created through redevelopment projects that are connected to the Borough sanitary sewer system, shall be charged in addition to that \$375 flat rate, for sewer service based upon the amount of water supplied to the property as determined by meter readings supplied by New Jersey American Water of the previous year. The sewer fee for the property shall be \$1.30 per 1,000 gallons of water used at the property (whether determined by meter or estimate). Where water usage cannot be determined by meter reading, the Sewer Utility fee shall be based on the property's estimated water usage, which estimate shall be calculated using best engineering practices for the property in question. All charges shall be payable semi-annually and paid in equal installments to the Dunellen Borough Sanitary Sewer Utility on the 1st day of April and the 1st day of September, following each period for which sewer service has been provided.

B. Where water usage cannot be determined by meter reading, the Sewer Utility fee shall be based on the property's estimated water usage, which estimate shall be calculated using best engineering practices for the property in question. All charges shall be payable semi-annually and paid in equal installments to the Dunellen Borough Sanitary Sewer Utility on the 1st day of April and the 1st day of September, following each period for which sewer service has been provided.

C. For calendar year 2026, owners of non-residential properties, including residential properties with five or more units and mixed residential/commercial properties connected to the Borough sanitary sewer system, shall be charged, except as otherwise stated herein, for sewer service based upon the amount of water supplied to the commercial property as determined by meter readings supplied by New Jersey American Water of the previous year, payable semi- annually. Where water usage cannot be determined by meter reading, the Sewer Utility fee shall be based on the property's estimated water usage, which estimate shall be calculated using best engineering practices for the property in question. Sewer user fees are to be paid to the Dunellen Borough Sanitary Sewer Utility on the 1st day of April and the 1st day of September, following each period for which sewer service has been provided or available.

This charge is payable semi-annually in the amount of \$75.00 and is to be paid in concert with the sewer service charges.

E. Any single-family residential property that qualifies for the senior citizen tax deduction shall also be afforded a discount of \$100.00 from the residential property fee set forth in Subsection A above.

F. The foregoing rates and charges have been calculated in accordance with Chapter 230-7 and shall be subject to annual revision based upon the Borough and its Sewer Utility's financial obligation to PARSA and/or MCUA. In addition, separate fees or charges may be imposed by the Borough's Sewer
