Public Health Programs

Clinic & Health Services

DIABETES PREVENTION PROGRAM

This evidence-based program is currently a free structured 12-month weight-loss program provided by a trained lifestyle coach. The goals of the program are for participants to lose 5-7% weight over 12 months, achieve 150 minutes of activity per week and maintain lifestyle changes in fitness and nutrition.

Total Number of Hours Billed in DPP: 54.34

IMMUNIZATIONS

The BCHD immunization program provides immunizations to all age groups for protection against vaccine preventable diseases. The BCHD also contracts with the Iowa Department of Health to provide federally-funded vaccines through the Vaccines for Children Program.

In FY20, 428 individuals received a vaccine from the BCHD.

Total Number of Federally-Funded Vaccines Administered: 23

Total Number of Private Stock Vaccines Administered: 6

Total Number of Private Stock Flu Vaccines Administered: 416

Total Number of Vaccines Administered: 445

Public Health Programs

Clinic & Health Services

FOOT CLINICS

The BCHD provides foot clinics to individuals 55 years of age or older and/or individuals who are significantly disabled and unable to manage their own foot care. Services are provided once a month in Denver, Plainfield, Readlyn, Sumner, Tripoli and Waverly.

Total Number of Visits: 399

HOMEMAKER SERVICES

The BCHD provides homemaker services through state funding under our Local Public Health Services Contract. Services under this contract are available to Bremer County residents only.

Total Number of Homemaker Visits: 475

LOAN CLOSET PROGRAM

The BCHD offers a variety of medical equipment for individuals (both patients and non-patients) to loan out for up to a 5-month period. There is no cost to loan the equipment, but free-will donation in any amount is accepted for upkeep of the equipment.

Total Number of Persons who utilized loan closet: 47

Public Health Programs

Collaborative Relationships

The BCHD meets with community partners on a monthly basis to assist with identifying and addressing public health issues.

Total Number of Hours Billed in Collaborative Relations: 61.98

Communicable Disease & Surveillance

The BCHD monitors Bremer County citizens from infectious disease through disease surveillance, investigation of acute outbreaks, and provides education and consultation to citizens on infectious diseases. The BCHD also completes immunization audits for all pre-schools, K-12 students, as well as children enrolled in day care services in Bremer County to ensure compliance with the immunization laws as outlined in Iowa Administrative Code 641-7.

Total Number of Hours Billed in Communicable Disease & Surveillance: 178.19

Public Health Programs

Health Improvement Planning

By 2021, the goal of the BCHD is to increase Bremer County resident preparedness for natural and man-made disasters. Throughout FY19, the BCHD worked with children in Bremer County on being prepared for emergencies.

Total Number of Hours Billed in Health Improvement Planning: 15.50

Health Promotion & Education

The BCHD provides educational information about physical, behavioral, environmental, social, economic, and/or other issues affecting health.

Total Number of Hours Billed in Health Promotion & Education: 19.33

Local Board of Health Support

The BCHD provides staff support to the Bremer County Board of Health. Some of staff time includes taking notes during board meetings, ensuring all rules and regulations are followed through policy, assist in setting public health goals and priorities, and provide fiscal oversight.

Total Hours Billed in Local Board of Health Support: 523.59

Public Health Programs

Public Health Emergency Preparedness

The BCHD is a member of the Sub-Service Area 6B Preparedness Partnership. The SSA-6B is a multi-agency and multi-agency group of response entities. SSA-6B includes the Northeast Iowa counties of Allamakee, Black Hawk, Bremer, Buchanan, Fayette, Grundy, Howard and Winneshiek. The purpose of the Preparedness Partnership is to work together to promote, consolidate and collaborate in a unified manner to prepare for, respond to, and recover from emergencies affecting the region.

Total Hours Billed in Public Health Emergency Preparedness: 247.60

Response Grant (COVID-19)

This funding is intended for local health departments to carry out surveillance, epidemiology, laboratory capacity, infection control, mitigation, communications, and other preparedness and response activities in relation to the Coronavirus Pandemic.

Total Hours Billed to COVID Response Grant: 282.34
