

Garbage Monster!

Grade Level: PK- 1st

Time needed: 30 minutes

Supplies: Garbage monster costume, book, recycling bins

Location: Classroom, outdoors, Waverly Recycling Center

Objective: Students will learn how they can "shrink" the garbage monster by sorting their garbage into the recycling.

Introduction: A brief introduction be given about where to put trash besides the garbage like compost, reusing and different categories of recycling.

"The Garbage Monster" book will be read. Afterwards, a student will be dressed up as the garbage monster, while the other students take turns "shrinking" the monster by taking the trash from the garbage monster and placing it into the correct recycling, reusing or compost bin.
