5-1-1 PURPOSE

An ordinance regulating the erection, construction, enlargement, alteration, repair, moving, removal, demolition, conversion, occupancy, equipment, use, height, area, and maintenance of buildings and/or structures in the unincorporated areas of Bremer County, Iowa, to provide minimum standards to safeguard life or limb, health, property and public welfare.

5-1-2 TITLE

Building Code – Except as herein after added to, deleted, modified or amended, there is hereby adopted as the Building Code of Bremer County, Iowa, that certain Building Code known as the,

International Building Code 2024 edition (herein after known as the IBC)

International Residential Building Code 2024 edition (herein after known as the IRC)

State adopted Uniform Plumbing Code with amendments, current edition.

International Mechanical Code 2024 edition (herein after known as the IMC)

International Fire Code 2024 edition (herein after known as the IFC)

International Fuel Gas Code 2024 (herein after known as the IFGC)

International Existing Building Code 2024 edition (herein after known as the IEBC), ALL as published by the International Code Council, Inc. in cooperation with International Conference of Building Officials of Whittier, California and the,

National Electric Code current edition (herein after known as the NEC) as published by National Fire Protection Association and as adopted by the State of Iowa.

The provisions of said Building Code shall be controlling in the construction of buildings and other structures and in all matters covered by said Building Code within the unincorporated area of Bremer County, Iowa, and shall be known as the Bremer County Building Code. The appendices are approved for reference only unless specifically adopted.

5-1-3 TRANSITION PERIOD

1. A construction project that is subject to the provisions of any rule contained in this code may comply with the requirements established either in the edition of the codes adopted herein or the requirements established in the edition of the same code previously in effect if the project is commenced no later than 120 days after the effective date of this code. For this provision to become applicable the submitter must have obtained signed contracts for the project prior to the effective date of this code and provide documentation to this effect to the Building Department.

5-1-4 PERMIT FEES, EXEMPTION FROM PERMIT

1. Fees pertaining to permits and actions required by this Ordinance shall be in accordance with the schedule of fees, as determined and adopted by resolution of the Bremer County Board of Supervisors. A copy of the schedule of fees shall be

on file in the office of the Building Official. Whenever any work for which a permit is required by this code has been commenced without first obtaining said permit, a special investigation fee in an amount equal to the permit fee or \$250.00, whichever is higher, shall be collected whether or not a permit is subsequently issued.

2. Work Exempt from Permit-

Exemption from permit requirements of this code shall not be deemed to grant authorization for any work to be done in any manner in violation of the provisions of this code or any other laws or ordinances of this jurisdiction.

Permits shall not be required for the following:

Building:

- a. One-story detached accessory structures used as tool and storage sheds, playhouses and similar uses, provided the floor area does not exceed 120 square feet. Accessory structures under 120 square feet will require a site plan, tie-down plan, and zoning permit.
- b. Retaining walls that are not over 4 feet in height measured from the bottom of the footing to the top of the wall, unless supporting a surcharge.
- c. Water tanks supported directly upon grade if the capacity does not exceed 5,000 gallons and the ratio of height to diameter or width does not exceed 2 to 1.
- d. Sidewalks, patios, and driveways.
- e. Painting, papering, tiling (unless involving a shower), carpeting, and similar finish work. Cabinetry and countertop work requires a permit if electrical, plumbing, or mechanical work is involved.
- f. Prefabricated swimming pools that are less than 24 inches deep, are not greater than 5,000 gallons and are installed entirely above ground.
- g. Swings and other playground equipment.
- h. Window awnings supported by an exterior wall which do not project more than 54 inches from the exterior wall and do not require additional support.
- i. Replacement of storm doors, entrance doors and garage doors provided the size of the opening remains unchanged.

Electrical:

- a. Listed cord-and-plug connected temporary decorative lighting.
- b. Replacement of switches, receptacles and lighting fixtures to existing branch circuits.
- c. Replacement of branch circuit overcurrent devices of the required capacity in the same location.
- d. Electrical wiring, devices, appliances, apparatus or equipment operating at less than 25 volts and not capable of supplying more than 50 watts of energy.
- e. Minor repair work, including the replacement of lamps or the connection of approved portable electrical equipment to approved, permanently installed receptacles.

133

Gas:

- a. Portable heating, cooking or clothes drying appliances.
- b. Replacement of any minor part that does not alter approval of equipment or make such equipment unsafe.
- c. Portable-fuel-cell appliances that are not connected to a fixed piping system and are not interconnected to a power grid.

Mechanical:

- a. Portable heating appliances.
- b. Portable ventilation appliances.
- c. Portable cooling units.
- d. Steam, hot- or chilled-water piping within any heating or cooling equipment regulated by this code.
- e. Replacement of any minor part that does not alter approval of equipment or make such equipment unsafe.
- f. Portable evaporative coolers
- g. Self-contained refrigeration systems containing 10 pounds or less of refrigerant or that are actuated by motors of 1 horsepower or less.
- h. Portable fuel cell appliances that are not connected to a fixed piping system and are not interconnected to a power grid.

Plumbing:

- a. The stopping of leaks in drains, water, soil, waste or vent pipe, provided however, that if any concealed trap, drain pipe, water, soil, waste or vent pipe becomes defective and it becomes necessary to remove and replace the same with new material, such work shall be considered as new work and a permit shall be obtained and inspection made as provided in this code.
- b. The clearing of stoppages or the repairing of leaks in pipes, valves or fixtures and the removal and reinstallation of water closets, provided such repairs do not involve or require the replacement or rearrangement of valves, pipes or fixtures.

5-1-5 BOARD OF APPEALS

In order to hear and decide appeals concerning the suitability of alternate materials and methods of construction and to hear and decide appeals of determinations made by the Building Official or designated representative concerning interpretations of the provisions of this Code, there shall be and is hereby created a Board of Appeals, consisting of eight (8) members whose place of business, residence, or work is located in the jurisdictions served by the Bremer County, Iowa Building Department, and who are qualified by experience and training to pass upon matters pertaining to building construction. The Building Official or designee shall be an ex-officio member and shall act as Secretary of the Board of Appeals involving this Code. The Board of Appeals shall be appointed by the Bremer County Board of Supervisors and the Mayors of Denver, Readlyn, Janesville, Waverly & Plainfield. Each jurisdiction shall appoint one member with the exception of Bremer County and Waverly, who shall appoint two (2). The present Board members shall serve the remainder of their appointed terms or until their successors are duly appointed and qualified. All successive appointments or reappointments shall be for five-year terms. The Board shall adopt reasonable rules and regulations for conducting its investigations and shall render all decisions and findings in writing to the Building Official, with a duplicate copy to the appellant. The Board shall have no authority to waive requirements of this Code.

5-1-6 BONDING AND INSURANCE

- 1. General Contractor Insurance. No person, firm or corporation shall engage in the business of general contracting in Bremer County without first supplying Bremer County Building Department with a certificate of liability insurance with minimum liability limits of \$50,000. No insurance shall be required for the following described work:

- a. Homeowners (owner/occupants) qualifying for the Homestead Tax exemption may acquire permits for their principal residence (not an apartment) and appurtenant accessory structures.

5-1-7 ELECTRICAL LICENSES

1. Licensing and Permit Acquisition. No person, firm or corporation shall engage in the business of Electrical contracting in Bremer County without first supplying the Bremer County Building Department with a Certificate of Liability Insurance with minimum liability limits of \$50,000, and supplying the Building Department with a copy of their electrical license and the electrical license of any and all employees employed by the contractor, firm or corporation for a wage or salary issued by the Iowa Electrical Examining Board in accordance with Iowa Code Chapter 103.

- a. Electrical work performed under the provisions of this chapter must be done by a contractor meeting the licensing provisions as set forth by the Iowa Electrical Examining Board in accordance with Iowa Code Chapter 103. A responsible person or an electrician licensed by the State of Iowa Electrical Examining board as a "Master A or B" may sign and obtain a permit for the contractor for which they are employed only when said responsible person or "Master A or B" has provided proof of employment or written confirmation by said licensed contractor. Any permit required by the provisions of this code may be revoked by the Building Official upon the violation of any provision of this code.
- b. A State of Iowa licensed electrical contractor shall be allowed only to secure permits for himself or herself, or for a single firm or corporation. When a State of Iowa licensed electrical contractor has secured such a permit, only the employees of such contractor when meeting the provisions of Iowa Code Chapter 103 shall perform the work for which the permit was obtained.
- c. For purposes of this section, an "employee" shall be one employed by the contractor, firm or corporation for a wage or salary. A contractor may be required by the Building Official to show positive evidence as to the employee status of workers on the job. Such evidence shall be in the form of payroll and time records, canceled checks, state of Iowa licensing or other such documents.
- d. The contractor may also be required to show the agreement or contract pertaining to the work being questioned as evidence that said contractor is, in fact, the actual contractor for such work. Failure or refusal by the contractor to make available such employee or contractual records within 24 hours from demand therefore shall be grounds for immediate revocation of any permit for the work in question.
- e. Homeowners (owner/occupants) qualifying for the homestead tax exemption may acquire permits for their principal residence (not an apartment) and appurtenant accessory structures for electrical work, not to include dwelling service upgrade, replacement or the construction of new single-family dwellings pursuant to Iowa code Chapter 103.22.
- f. Annual Permits. An industrial plant may apply for an annual permit to perform electrical work, for the maintenance and repair of electrical equipment, provided that the following requirements are satisfied:
 1. The work must be performed on the premises of the industrial plant for the exclusive use of such plant.
 2. The work must be performed by at least one Licensed Journeyman Electrician; and all other persons employed by the firm to perform electrical work must be under the direct supervision of the Journeyman Electrician, all of whom shall

possess a valid license as issued by the Iowa Electrical Examining Board in accordance with Iowa Code Chapter 103.

3. The work performed under the annual permit shall not include the installation of electrical power or distribution equipment to a new structure or extension to an existing structure.

5-1-8 PLUMBING LICENSES

1. Licensing and permit acquisition. No person, firm or corporation shall engage in the business of Plumbing or HVAC contracting in Bremer County without first supplying the Bremer County Building Department with a Certificate of Liability Insurance with minimum liability limits of \$50,000, and supplying the Bremer County Building Department with a copy of their Plumbing and HVAC license and the license of any and all employees employed by the contractor, firm or corporation for a wage or salary issued by the State of Iowa Plumbing and Mechanical Systems Board.
 - a. Permits are not transferable. Plumbing work performed under the provisions of this chapter must be done by a contractor meeting the licensing provisions as set forth by the State of Iowa Plumbing and Mechanical Systems Board. A plumber licensed by the State of Iowa Plumbing and Mechanical Systems Board as a "Master" may sign and obtain a permit for the contractor for which they are employed only when said "Master" has provided proof of employment by said licensed contractor. Any permit required by the provisions of this code may be revoked by the Building Official upon the violation of any provision of this code.
 - b. A State of Iowa licensed plumbing contractor shall be allowed only to secure permits for himself or herself, or for a single firm or corporation. When a State of Iowa licensed plumbing contractor has secured such a permit, only the employees of such contractor shall perform the work for which the permit was obtained.
 - c. For purposes of this section, an "employee" shall be one employed by the contractor, firm or corporation for a wage or salary. A contractor may be required by the Building Official to show positive evidence as to the employee status of workers on the job. Such evidence shall be in the form of payroll and time records, canceled checks, state of Iowa licensing, or other such documents.
 - d. The contractor may also be required to show the agreement or contract pertaining to the work being questioned as evidence that said contractor is, in fact, the actual contractor for such work. Failure or refusal by the contractor to make available such employee or contractual records within 24 hours from demand therefore shall be grounds for immediate revocation of any permit for the work in question.
 - e. Homeowners (owner/occupants) qualifying for the Homestead Tax exemption may acquire permits for their principal residence (not an apartment) and appurtenant accessory structures for plumbing work, not to include connection

within the public right-of-way to the public main of sewer, water and storm lines, or any private on-site wastewater treatment system.

5-1-9 MOVED BUILDINGS AND TEMPORARY BUILDINGS

Buildings or structures moved into or within the jurisdiction shall comply with the provisions of this code. Temporary structures such as reviewing stands and other miscellaneous structures, sheds, canopies or fences used for the protection of the public around and in conjunction with construction work may be erected by special permits from the Building Official or issuing authority for a limited period of time. Such buildings or structures need not comply with the type of construction or fire-resistance or time periods required by this code. Temporary buildings or structures shall be completely removed upon the expiration of the time limit stated in the permit.

5-1-10 UNSAFE BUILDINGS

All buildings or structures which are structurally unsafe or not provided with adequate egress, or which constitute a fire hazard, or are otherwise dangerous to human life, or which in relation to existing use constitute a hazard to safety, health or public welfare, by reason of inadequate maintenance, dilapidation, obsolescence, fire hazard, disaster damage, or abandonment, as specified in this code or any other effective ordinance, are, for the purpose of this section, unsafe buildings. All such unsafe buildings are hereby declared to be public nuisances and shall be abated by repair, rehabilitation, demolition, or removal in accordance with procedures provided by local or state law. The Building Official is authorized to exercise emergency measures to protect the health, safety and public welfare of the community by certain procedures as follows:

1. Inspect the building and surrounding premises to determine the extent of dilapidation, damage, obsolesce, fire hazard and risk as an attractive nuisance.
2. Inform the owner or owner's agent of the unsafe, dangerous or hazardous condition which causes such building to be unsafe or an attractive nuisance.
3. Inform the owner or owner's agent of the applicable provisions of the Building Code and demand a commitment regarding a time schedule and manner of compliance with said Code.
4. Order the prompt boarding up of the windows, doors, and other openings of unsafe or vacant buildings to prevent unauthorized access or the perpetuation of an attractive nuisance during the time which is necessary to gain compliance with the Building Code.
5. Order the disconnection of any electricity supply to a building or structure when it is ascertained that the equipment or any portion thereof has become hazardous or unsafe.

6. Upon the failure of the owner or the owner's agent to comply with the order to close, board up and secure an unsafe building within a twenty-four (24) hour time period after receiving such order, the Building Official may cause the openings boarded up and secured, or the premises barricaded and fenced, and the unsafe conditions abated, with the cost of such construction, barricading, fencing and abatement to be assessed against the property.

5-1-11 UNSAFE APPENDAGES

Parapet walls, cornices, spires, towers, tanks, statuary and other appendages or structural members which are supported by, attached to, or a part of a building and which are in a deteriorated condition or otherwise unable to sustain the design loads which are specified in this Code, are hereby designated unsafe and as such are public nuisances and shall be abated in accordance with the local or state laws governing.
