INTRODUCTORY SECTION

September 20, 2024

Members of the Town Council and the Citizens of the Town of Kiawah Island, South Carolina:

State law requires that all general-purpose local governments publish at the close of each fiscal year a complete set of financial statements presented in conformity with generally accepted accounting principles (“GAAP”) and audited in accordance with auditing standards generally accepted in the United States of America, by a firm of licensed, certified public accountants. Pursuant to that requirement, we hereby issue the Annual Comprehensive Financial Report (“ACFR”) of the Town of Kiawah Island, South Carolina (the “Town”), for the fiscal year ended June 30, 2024.

This report contains management's representations concerning the finances of the Town. Management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, management of the Town has established an internal control framework that is designed to protect the government's assets from loss, theft, or misuse and to provide sufficient reliable information for the preparation of the Town's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the Town's framework of internal controls has been designed to provide reasonable, rather than absolute, assurance that the financial statements will be free from material misstatement. Management asserts that, to the best of our knowledge and belief, this financial report is complete and reliable in all material aspects.

Mauldin & Jenkins, CPAs and Advisors, a firm of licensed certified public accountants, has audited the Town's financial statements. The goal of the independent audit was to provide reasonable assurance that the financial statements of the Town for the fiscal year ended June 30, 2024, are free of material misstatement. The independent audit involved examining on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. Based upon the audit, the independent auditor concluded that there was a reasonable basis for rendering an unqualified opinion that the Town's financial statements for the year ended June 30, 2024, are fairly presented in conformity with GAAP. The Independent Auditor's Report is presented as the first component of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of the Management's Discussion and Analysis (“MD&A”). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The MD&A can be found immediately following the Independent Auditor's Report.

PROFILE OF THE GOVERNMENT

The Town of Kiawah Island, South Carolina, was incorporated by the State of South Carolina on September 13, 1988. The Town operates as a Mayor-Council form of government, i.e., a strong mayor. The Town Council is composed of a Mayor and four Council Members. The Council is elected on a non-partisan basis. All members serve four-year terms. Currently, there are approximately 2,000 registered voters.

The Mayor and four Council Members comprise the legislative branch of the Town. Council is responsible for setting overall policy for the Town.

The Mayor is further responsible for the executive functions of Town management, including the administration of policies adopted by the Council. The Mayor is also responsible for supervising Town employees and departments. The Town Administrator provides support and advice to the Mayor on these matters. Since incorporation, the Town has grown to 28 full-time positions.

The Town is unique compared to other South Carolina municipalities. The Kiawah Island Community Association (“KICA”), a private nonprofit property homeowner association, provides some services, including road and drainage maintenance, security, landscaping, and recreation within the gated community, which are typically the responsibility of municipal government. The services that the Town provides to its citizens and guests include:

- Public Safety: Emergency response, disaster planning and recovery. Law enforcement services are provided by the Charleston County Sheriff’s Office. The Town contracts for supplemental coverage;
- Code Enforcement: Enforcement of municipal ordinances, including business licenses;
- Public Works: Street and drainage maintenance of Beachwalker Drive and Kiawah Island Parkway from the roundabout at Betsy Kerrison Parkway to the front gate; maintenance of the Municipal Center; landscaping at Town Hall and along Kiawah Island Parkway and Beachwalker Drive, and managing third-party contracts;
- Solid Waste Disposal: Island-wide garbage, recycling, yard debris, brown trash, and household hazardous waste collection and disposal for all residential property through a contract with Trident Waste and Recycling;
- Planning and Zoning Administration: Processing land use applications; providing general information related to zoning and mapping; preparing and reviewing long-range plans, policies, and programs that promote land use policy established by Town Council; and enforcing land development regulations;
- Building Services and Business License Administration: Licensing, building permits, and inspections for all commercial and residential projects within the Town;
- Criminal Court Administration: As part of the unified judicial system in South Carolina, the court hears and determines offenses of a criminal nature that may be subject to a fine not exceeding \$500 or imprisonment not exceeding 30 days, as well as cases arising under the ordinances of the municipality;
- Beach Maintenance and Safety: Beach patrol, solid waste collection, and beach condition monitoring;
- Communications: Town website, weekly email blast, podcasts, social media accounts, municipal mobile app, and community forums; and

- Wildlife Studies: Monitoring, managing and researching the island's native wildlife species and habitats while educating the general island public about these areas.

Committees

The Town relies on volunteer committees to support Town functions and strategies. The Town has committees as required by State statute and standing committees to review and recommend policies and ordinances. These committees include:

Planning Commission

The Planning Commission approves plats and makes recommendations to the Town Council on planned development, zoning district and map amendments, zoning text amendments, and comprehensive plan amendments.

Board of Zoning Appeals (“BZA”)

The BZA has three primary responsibilities: 1) to hear and decide appeals when it is alleged by the appellant that an administrative official has made an error (administrative review); 2) to hear and decide applications for a variance from the requirements of the zoning regulations (variances); and 3) to permit uses by exception, subject to the terms and conditions for those uses as identified in the zoning regulations (special exceptions).

Construction Board of Appeals

The Construction Board of Appeals hears appeals regarding decisions and interpretations made by the Town's Building officials.

State Accommodations Tax Committee

The State Accommodations Tax Committee (“SATAX”) meets annually to consider SATAX applications and make recommendations to the Ways and Means Committee and Town Council on how the Town's tourism-related funding should be allocated during the following budget year.

Public Safety Committee

The Public Safety Committee is responsible for assisting the Town in meeting its state-mandated responsibilities regarding maintaining peace, order, and safety and initiating and considering proposals and methods to upgrade and improve public safety.

Environmental Committee

The Environmental Committee studies and reports on environmental issues such as alligator/fauna control, monitor the health and population of birds and animals (bobcat, deer, fox, raccoon), and make recommendations to Town Council on ways to improve the quality of environmental services and the cost-effectiveness of such services.

Arts and Cultural Events Council

The Arts and Cultural Events Council plans, develops, organizes, and implements a wide range of performing art events supporting local and national musicians and artists.

Ways and Means

The Ways and Means Committee has oversight and responsibility for financial matters, including the annual budget, capital purchases, and contracts.

Audit Committee

The Audit Committee oversees the Town's internal controls, risk management, the integrity of financial statements, compliance with legal and regulatory requirements and ethical standards, and the performance of the Town's independent auditors.

Budget

The annual budget is the foundation for the Town's financial planning and control. All departments and affiliates of the Town submit budget requests to the Mayor and the Town Administrator. The Finance Director and Town Administrator then prepare the first draft and present it for review to the Town's Ways and Means Committee, which is comprised of the Mayor and the two Council Members. Any necessary revisions are made, and the final budget is then submitted to the Ways and Means Committee for their review and approval. Once the Ways and Means Committee has reviewed and approved the budget, it recommends adoption to the Town Council for first reading. A second reading is scheduled for the June meeting to meet the June 30 adoption deadline. In accordance with the State law, a public hearing is held to receive citizen input before final adoption, and the adopted budget is posted on the Town's website. The line-item appropriated budget is prepared by fund and department. The level of budgetary controls (that is, the level at which expenditures cannot legally exceed the appropriated amount) is maintained by the Town Council at the fund level. It may be amended as necessary during the fiscal year. Budget-to-actual comparisons are provided in this report for each governmental fund for which an appropriated annual budget has been adopted.

In addition to the annual budget, the Town prepares a five-year Capital Improvement Plan each year. The primary objective is to set aside funds for projects, vehicles and equipment purchases that occur in the near future.

LOCAL ECONOMY

Kiawah Island (the "Island") is a seaside community situated 20 miles south of Charleston, South Carolina. Known for its award-winning golf courses, pristine beaches, and lush natural surroundings, the Island has a distinctive local economy centered around several key factors, each contributing to its overall financial health and character. Tourism plays a major role, with the Island renowned for its luxury accommodations. The Sanctuary, a premier hotel, offers 255 deluxe guest rooms, a spa, meeting facilities, and fine dining. The Andell Inn, a boutique hotel with 100 rooms, along with approximately 1,500 rental properties, attracts visitors from across the country and around the world. This influx of tourists supports local businesses, restaurants and shops in Freshfields Village.

The Island is a highly desirable destination for living. The Island's real estate market remains robust, with a focus on luxury residential properties. Last year, the Island achieved a total sales volume of \$579M, marking the second highest in its history. Property values continue to rise, with the average sales price for single-family homes reaching \$2.9M on the Island, compared to the statewide average of \$384K.

The Island is internationally acclaimed for its seven world-class golf courses, including the famed Ocean Course, which has hosted several major golf tournaments, such as the 1991 Ryder Cup and the 2012 and 2021 and upcoming 2031 PGA Championship. The Island is also one of the top tennis communities in South Carolina, offering a diverse range of racquet sports led by nationally known experts.

The Island consistently ranks among the top travel destinations and vacation spots, renowned for its natural beauty, luxury accommodations, and high-quality amenities. Over the past three years, it has earned numerous accolades, including being named one of the best U.S. islands, one of the top 15 islands in the continental U.S., the top resort in the South by *Code Nast Traveler*, and the best resort hotels in South Carolina by *Travel and Leisure Magazine*.

In recent years, the Town has experienced substantial growth in tourism and residential expansion contributing to a strong local economy. In FY2024, the Town collected \$18.5M in total revenues, marking the highest revenue level ever received. The combined fund balance increased by \$6.4M to \$40.9M, highlighting the Town's robust financial health.

TOWN INITIATIVES

The Town remains financially secure while focusing on long-term goals, environmental projects, and improved service delivery. Key projects for the fiscal year 2023-2024 include:

- Evaluating strategies to maintain a viable and healthy marsh at the Kiawah River bridge public access.
- Implementing traffic flow and safety improvements on Kiawah Island Parkway and Beachwalker Drive.
- Landscaping enhancements on Beachwalker Drive.
- Promoting eco-friendly practices with new electric vehicle charging stations, composting programs, hazardous waste collection and educational waste management initiatives through Kiawah Goes Green initiative.

In addition to one-time projects, the Town is committed to environmental sustainability and community well-being. On the ongoing basis, key long-term initiatives include:

- Bobcat Ecology Study: Reducing the use of harmful rodenticides.
- Environmental Research: Including studies on alligator behavior and climate change.
- Bird Banding: Monitoring ecosystem health.
- Arts and Cultural Events: Enhance community life.
- Philanthropy: Supporting the broader Sea Island community and MUSC Sea Island Medical Pavilion.

AWARDS AND ACKNOWLEDGEMENTS

The Governmental Finance Officers Association of the United States and Canada (“GFOA”) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Town of Kiawah for its Annual Comprehensive Financial Report for the fiscal year ended June 30, 2023. This was the 19th consecutive year the Town achieved this prestigious award. A Certificate of Achievement is valid for one year only, and we believe that our current Annual Comprehensive Financial Report continues to meet the Certificate of Achievement requirements.

We want to acknowledge the cooperation and support of the Town Council in making this report possible.

INDEPENDENT AUDITOR'S REPORT

**The Honorable Mayor and Members
of the Town Council
Town of Kiawah Island
Kiawah Island, South Carolina**

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities and each major fund of the **Town of Kiawah Island, South Carolina** (the "Town"), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Town as of June 30, 2024, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis ("MD&A"), budgetary comparison schedules for the General Fund and Major Special Revenue Funds, pension schedules, and OPEB schedule, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board ("GASB") who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town's basic financial statements. The Capital Projects Fund Schedule of Revenues, Expenditures and Changes in Fund Balances – Budget and Actual – GAAP Basis, and the comparative schedules of revenues and expenditures, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The Uniform Schedule of Court Fines, Assessments and Surcharges (per ACT 96) is presented for purposes of additional analysis as required by the State of South Carolina, and is not a required part of the basic financial statements. Such information is the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Capital Projects Fund Schedule of Revenues, Expenditures and Changes in Fund Balances – Budget and Actual – GAAP Basis, the comparative schedules of revenues and expenditures, and the Uniform Schedule of Court Fines, Assessments and Surcharges (per ACT 96) are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

We previously audited the Town's June 30, 2023 financial statements, and we expressed unmodified opinions on the governmental activities and each major fund in our report dated September 25, 2023. The comparative schedules of revenues and expenditures, as listed in the table of contents, are presented for the purposes of additional analysis and are not a required part of the basic financial statements. In our opinion, the summarized comparative information as presented in the comparative schedules of revenues and expenditures, as listed in the table of contents, as of and for the year ended June 30, 2023, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory section and statistical section but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required By Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 20, 2024, on our consideration of the Town's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town's internal control over financial reporting and compliance.

TOWN OF KIAWAH ISLAND, SOUTH CAROLINA

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2024

As management of the Town of Kiawah Island, South Carolina (the "Town"), we present this Management's Discussion and Analysis ("MD&A"), which is a narrative overview and analysis of the financial performance of the Town for the year ended June 30, 2024. The information presented herein should be considered in conjunction with the Town's financial statements and the notes to financial statements to enhance their understanding of the Town's overall financial performance.

Financial Highlights

- The assets and deferred outflows of the Town exceeded its liabilities and deferred inflows on June 30, 2024, by \$53,210,169, reflecting its net position. Of this amount, \$15,691,594 represents the investment in capital assets, and \$7,609,644 is considered restricted. The remaining \$29,908,931 (unrestricted) is available to meet the Town's ongoing obligations to vendors and residents.
- The Town's total net position increased by \$6,000,198 from the fiscal year ended June 30, 2023. This increase was largely attributable to steady growth in tourism-generated revenues, interest income and charges for services, including business licenses and building permits.
- On June 30, 2024, the Town's governmental funds reported an ending fund balance of \$40,920,364, an increase of \$6,366,680 compared to the previous year.
- At the end of the current fiscal year, the unassigned fund balance for the General Fund was \$23,625,765 representing 238% of the total General Fund expenditures and transfers. This amount exceeds the Town's fiscal policy requirement of 30% by 208%.

Overview of the Financial Statements

This MD&A provides an introduction to the Town's basic financial statements, which include the following parts: 1) *government-wide financial statements*, 2) *fund financial statements*, and 3) *notes to the financial statements*. This annual report also contains certain *Required Supplementary Information* ("RSI") and *Other Supplementary Information* to aid in understanding the operations of the Town.

Government-Wide Financial Statements

The government-wide statements present a long-term view of the Town's finances *as a whole*, using accrual-basis accounting – the same accounting basis that most businesses use.

There are two government-wide financial statements:

Statement of Net Position: This statement presents information on *all* of the Town's assets, liabilities, and deferred inflows/outflows of resources, with the difference reported as net position. Over time, increases or decreases in the Town's net position may serve as a useful indicator of whether its financial position is improving or deteriorating.

Statement of Activities: This statement presents information showing how the Town's net position changed during the most recent fiscal year. All changes in net positions are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The government-wide financial statements consist of the Town's governmental activities, as the Town does not have any business-type activities. Governmental activities include general government, judicial, public safety, environmental services, and tourism and recreation. Accommodation and hospitality taxes, business licenses, and building permits finance most of these activities.

The government-wide financial statements can be found as listed in the table of contents.

Fund Financial Statements

The fund financial statements provide detailed information about the Town's most significant activities. Funds are accounting designations that the Town uses to track specific funding sources and spending for particular purposes. The Town, like other governments, uses fund accounting to ensure and demonstrate compliance with financial related legal requirements. All of the funds of the Town are governmental funds.

Governmental Funds: The Town reports all of its basic services in its governmental funds. The governmental funds account for activities that the Town reports as *governmental activities* in its government-wide statements. These funds focus on *short-term* inflows and outflows of expendable resources. The balances remaining at the end of the year help determine whether a fund has more or less financial resources available to spend in the near future. Because the governmental funds statement lacks the additional long-term focus of the government-wide statements, a reconciliation is provided to explain the relationship (or differences) between the two kinds of statements. By comparing the two kinds of statements and examining the reconciliation, a better understanding of the long-term impact of the Town's near-term funding decisions is available.

The Town maintains eight individual governmental funds. Information is presented separately in the governmental funds Balance Sheet and in the governmental funds Statement of Revenues, Expenditures and Changes in the Fund Balances for the General Fund, Capital Projects Fund, State Accommodations Tax Fund, County Accommodations Tax Fund, Local Accommodations Tax Fund, Beverage Permits Fund, Hospitality Tax Fund, and Victims' Assistance Fund - since they are considered major funds. The governmental fund financial statements can be found as listed in the table of contents.

Notes to the Financial Statements

Immediately following the financial statements are notes that provide additional and pertinent information on the financial statement amounts. The notes to the financial statements can be found as listed in the table of contents.

Required Supplementary Information ("RSI")

This section addresses certain *required* reporting information that supplements the basic financial statements. Included in this section are comparative budget to actual Schedules of Revenues, Expenditures and Changes in Fund Balances for all major governmental funds the Town adopts an annual budget for, a Schedule of the Town's Proportionate Share of the Net Pension Liability of the South Carolina Retirement System, and a Schedule of Contributions to the South Carolina Retirement System. RSI can be found as listed in the table of contents.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Supplementary Information

Supplementary information presented but not required by accounting principles generally accepted in the United States of America includes current-year comparative Schedules of Revenues and Expenditures and the Schedule of Court Fines, Assessments and Surcharges. These schedules can be found as listed in the table of contents.

Government-wide Financial Analysis

Net Position

As noted earlier, net position serves as a useful indicator of a public government's financial position. The Town's net position on June 30, 2024, totaled \$53,210,169, which is an increase of \$6,000,198, or 12%, from the prior year. The following table provides a summary of the Town's net position for 2024 compared to 2023.

	Governmental Activities	
	2024	2023
Assets:		
Current Assets	\$ 41,977,305	\$ 36,243,914

MANAGEMENT'S DISCUSSION AND ANALYSIS

The large portion of the Town's net position of \$15,691,594 (29% of total net position) reflects its investment in capital assets less capital-related accounts payable. The Town uses these capital assets to provide services to residents; consequently, these assets are not available for future spending.

The additional portion of the Town's net position of \$7,609,644 (15% of the total net position) represents resources that are subject to external restrictions as to how they may be used. This portion of the net position is restricted primarily for special revenue programs, which are restricted by the revenue source.

The remaining portion of the Town's net position is an unrestricted net position of \$29,908,931 (56% of the total net position), which may be used to meet the Town's ongoing obligations to residents and vendors.

Governmental Activities

Governmental activities increased the Town's net position by \$6,000,198 for the year ended June 30, 2024. The following table shows the changes in the Town's net position for fiscal year 2024 compared to 2023.

MANAGEMENT'S DISCUSSION AND ANALYSIS

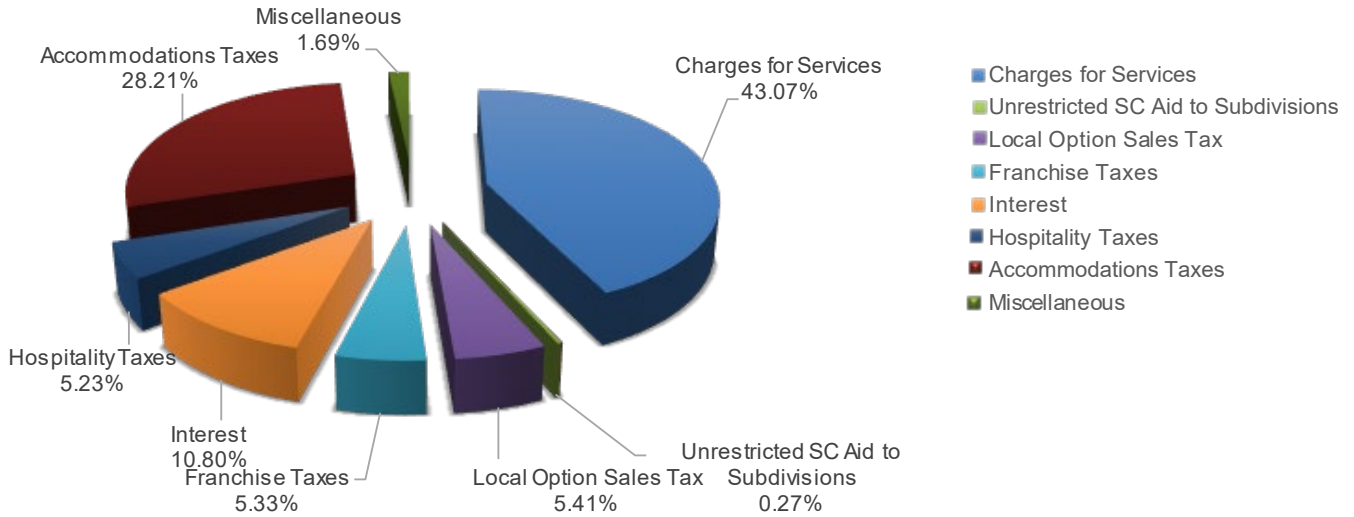

Total revenues from governmental activities increased by \$1,334,685, or 8% from the prior year. Key factors contributing to the significant changes in governmental revenues are as follows:

- Charges for Services increased by \$960,894, or 13%, primarily due to an increase in business license revenue and building permits. Business License revenue grew by \$737,619, or 18%, due to enhanced enforcement of licensing compliance and a substantial increase in collections from the Municipal Association of South Carolina Insurance, Telecommunication and Brokers Tax program. Building permit revenue increased by \$274,871, or 11%, due to the permit payments for the Upper and Lower Beachwalker development project.
- Interest income increased by \$835,053, or 53%, primarily due to higher investment amounts and yields.
- Miscellaneous Revenue saw an increase of \$201,490, or 96%, primarily due to a one-time reimbursement of \$161,000 from the Charleston County Sheriff's Office for the book value of the vehicles and equipment after contract termination and a \$33,000 one-time restitution payment from the former treasurer.
- Accommodations Taxes experienced a decline of \$286,056, or 5% due to a slight decrease in occupancy rates.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Revenues by Source - Governmental Activities 2024

Total governmental activities expenditures increased by \$1,018,253, or 9%, compared to the previous year. Notable changes in expenses within governmental activities are as follows:

- General government increased \$608,064, or 9%, mainly due to an increase in personnel cost, legal fees and waste management expenses.
- Tourism and Recreation increased \$224,053, or 6%, due to higher spending of State Accommodations Tax funds designated to attract or provide for tourists. This spending, which includes promotion, advertising, and safety, is mandated by State law to be used within two years.
- Public Safety increased \$165,747, or 20%, primarily due to an increased hourly cost for off-duty deputies.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Financial Analysis of the Town's Funds

As noted earlier, the Town uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the Town's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Town's financing requirements. In particular, a fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, the Town's governmental funds reported an ending fund balance of \$40,920,364, an increase of \$6,366,680, or 17%, from the prior year's fund balance. Of this amount, \$23,625,765, or 58%, constitutes an unassigned fund balance, which is available for spending at the Town's discretion. The remainder of fund balances of \$17,294,599, or 42%, are designated. They have been designated as follows: \$309,856 is non-spendable as prepaid expenses, \$7,588,468 is restricted for tourism-related expenditures, \$21,176 for victims' assistance support, and \$9,375,099 is committed to future capital improvements and emergency recovery funding.

The General Fund is the Town's primary operating fund. At the end of the current fiscal year, the General Fund's unassigned fund balance was \$23,625,765, and the total fund balance was \$23,935,621. As a measure of the General Fund's liquidity, it may be useful to compare the total unassigned fund balance and total fund balance to total General Fund expenditures and transfers out. The total unassigned fund balance represents 238% of the total General Fund expenditures and transfers out, while the total fund balance represents 241%. The General Fund's total fund balance increased by \$4,035,865 during fiscal year 2024. This increase was driven by consistent growth in most General Fund revenues and the transfers of tourism-driven revenues to fund eligible public safety and tourism-related expenditures.

The State Accommodations Tax Fund had a fund balance of \$1,650,664, a decrease of \$75,827 or 4%, compared to the prior year. This decrease is due to additional spending on tourism-related expenditure to comply with the State requirement that these funds be expended within two years.

The County Accommodations Tax Fund had a fund balance of \$2,036,848, an increase of \$324,000, or 17%, over the prior year. This growth resulted primarily from higher collections of County Accommodations Tax and Interest revenue.

The Local Accommodations Fund had a fund balance of \$2,387,109, an increase of \$503,577, or 24%, over the prior year. This increase is attributable to a significant reduction in transfer out for capital projects funded by Local Accommodations Tax.

The Beverage Tax Fund remained unchanged at \$0, as all the revenues collected from liquor licenses are transferred to the Capital Fund for future beach renourishments.

The Hospitality Tax Fund had a fund balance of \$1,513,847, an increase of \$244,683, or 18%, over the prior year. Much of the increase is due to a decrease in transfers out for capital projects eligible for Hospitality Tax funding.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The Victims' Assistance Fund had a fund balance of \$21,176, the same as the prior year. All the assessments for victims' services are remitted to the State.

The Capital Fund had a fund balance of \$9,375,099, an increase of \$1,334,382, or 15%, over the prior year. Of the total fund balance, \$6,761,183 is committed for future capital projects and \$2,613,916 for the unanticipated expenditures of an emergency nature and disaster recovery.

General Fund Budgetary Highlights. On February 6, 2024, the Town Council approved a budget amendment to adjust the estimates used in the original budget ordinance. As a result, budgeted revenues increased by \$984,182, and expenditures increased by \$55,915.

For the last fiscal year, actual revenues of \$11,294,265 exceeded the budget by \$1,970,979, or 21%. This positive variance was driven primarily by Building Permits and Business License revenue. Both revenue sources exceeded budgeted amounts by \$422,780, or 34%, and \$1,135,356, or 37%, respectively. This was due to increased construction cost leading to higher permit fees, the collection of the permit fee for Upper and Lower Beachwalker development project, a substantial increase in collection from the Municipal Association of SC Insurance, Telecommunication & Broker's Tax program and improved compliance in business licensing. Additionally, Miscellaneous Income was also a contributor to the positive variance, exceeding the budget by \$230,952, or 6%. This was mainly due to a one-time \$161,000 reimbursement from the Charleston County Sheriff's Office for vehicle and equipment book value and a \$33,000 restitution payment from the former treasurer.

Actual General Fund expenditures totaled \$8,601,410 which is \$5,162,630, or 37%, under budget. This positive variance is mainly attributable to a budgeted \$5,000,000 placeholder for Upper Beachwalker project that did not occur. However, some of the notable negative variances include public safety due to increased hourly rate for the off-duty deputies and capital outlay expenditures for safety improvements on Kiawah Parkway and Beachwalker Drive intersection.

Capital Assets and Debt Administration

Capital Assets. As of June 30, 2024, the Town's capital assets totaled \$15,764,584 (net of accumulated depreciation). This investment in capital assets includes land, furniture and fixtures, signs and fences, equipment, computers and software, vehicles, municipal center (buildings, landscaping, and miscellaneous), and infrastructure. The total decrease in the Town's investment in capital assets for the current fiscal year was \$220,224. Capital assets additions of \$596,051, including safety improvements on Kiawah Island Parkway and Beachwalker Drive, landscaping enhancements on Beachwalker Drive, four new electric vehicles charging stations, and one new electric vehicle, were exceeded by depreciation expenses of \$816,275, transfer from construction in progress to infrastructure of \$430,778 and net disposals of \$13,510.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The following table provides a detail of the Town's capital assets:

Economic Factors and Next Year's Budget

Despite ongoing economic uncertainty, the Town of Kiawah Island continues to maintain a stable financial condition and provide high-quality core services, thanks to effective Town Council directions, strong financial management, and planning by the Town.

The current fiscal year illustrates the strengths and unique attributes of Kiawah Island. The Town relies on several key indicators to gauge the status of the local economy and the likely impacts on the Town's budget and financial position. It is anticipated that the local economy will continue to support businesses, restaurants, property development, and new rental properties, thereby sustaining revenue from business licenses, building permits, and accommodation taxes.

For the fiscal year 2025, the total budget for all funds is \$15,467,011, with the General Fund budget of \$8,829,099. This represents an overall budgetary decrease of 7% and a 6% decrease in the General Fund's operating budget. The majority of the revenues are projected to remain relatively flat with an anticipated drop in building permits revenue and interest income.

The budget reflects the Town's spending priorities. In addition to regular operations, the Town provides complimentary solid waste service and a credit for additional solid waste service for property owners. It also allocates funds for improvements to Town-maintained roads and leisure trails and funding capital and emergency reserves. The budget also supports environmental stewardship through our wildlife programs, arts and cultural events programming and broader Sea Island community through the Town's charitable grants program and community support.

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE FISCAL YEAR ENDED JUNE 30, 2024**

Amounts reported for governmental activities in the Statement of Activities are different because:

Net change in fund balances - total governmental funds	\$	6,366,680
--	----	-----------

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation expense exceeded capital outlay in the current period.

Total capital outlay	\$	596,051	
Total depreciation expense		<u>(816,275)</u>	(220,224)

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds. This amount represents the change in unavailable revenue related to the judgement receivable.			(39,911)

NOTES TO THE FINANCIAL STATEMENTS

TOWN OF KIAWAH ISLAND, SOUTH CAROLINA

NOTES TO THE FINANCIAL STATEMENTS FISCAL YEAR ENDED JUNE 30, 2024

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Town of Kiawah Island, South Carolina (the "Town") have been prepared in conformity with generally accepted accounting principles ("GAAP") as applied to governmental units. The Town's reporting entity applies all relevant Governmental Accounting Standards Board ("GASB") pronouncements. The accounting and reporting framework and the more significant accounting principles and practices are discussed below.

A. Financial Reporting Entity

The incorporation of the Town was certified by the State of South Carolina on September 13, 1988, under Section 5-1-70 of the 1976 Code of Laws of the State of South Carolina. The Town has a Mayor-Council form of government comprised of a Mayor and four council members (strong Mayor Government). As required by GAAP, the financial statements present the Town as a primary government. The financial statements of the Town include the accounts of all the Town operations defined as the financial reporting entity.

As required by GAAP, the financial statements present the Town's financial information with its component units, if any. The primary criterion for determining inclusion or exclusion of a legally separate entity (component unit) is financial accountability, which is presumed to exist if the Town both appoints a voting majority of the entity's governing body, and either: 1) the Town is able to impose its will on the entity, or 2) there is a potential for the entity to provide specific financial benefits to, or impose specific financial burdens on the Town. If either or both of the foregoing conditions are not met, the entity could still be considered a component unit if it is fiscally dependent on the Town. In order to be considered fiscally independent, an entity must have the authority to do all of the following: a) determine its budget without the Town having the authority to approve or modify that budget; b) levy taxes or set rates or charges without approval by the Town; and c) issue bonded debt without approval by the Town.

Finally, an entity could be a component unit even if it did not meet all the conditions described above if excluding it would cause the Town's financial statements to be misleading or incomplete. Blended component units, although legally separate entities, are in substance, part of the government's operations, and data from these units are combined with data of the primary government. Discretely presented component units, on the other hand, are reported in a separate column in the financial statements to emphasize they are legally separate from the Town. Based on the criteria above, the Town has no blended or discretely presented component units.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Measurement Focus, Basis of Accounting and Basis of Presentation

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the non-fiduciary activities of the Town (the “Primary Government”). For the most part, the effect of interfund activity (except for interfund services provided and used between functions) has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The Town has no business-type activities.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the Town.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Non-exchange transactions, in which the Town gives or receives value without directly receiving or giving equal value in exchange, includes grants and donations. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

The government-wide financial statements are prepared using a different measurement focus from the manner in which governmental fund financial statements are prepared (see further on the following page). Governmental fund financial statements, therefore, include reconciliations with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Measurement Focus, Basis of Accounting and Basis of Presentation (Continued)

Governmental fund financial statements are reported using the current *financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. All revenues (including franchise fees, intergovernmental revenues, licenses, etc.) are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Town considers all revenues to be available if they are collected within 60 days of the end of the current fiscal period, with the exception of grant related revenues. Grant related revenues are considered to be available if they are collected within one year of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payments are due and payable, if applicable. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under leases are reported as other financing sources.

Fund financial statements report detailed information about the Town. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column, if applicable.

When both restricted and unrestricted resources are available for use, it is the Town's practice to use restricted resources first, then unrestricted resources as they are needed.

The accounts of the government are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used as an aid to management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements. The following major funds and fund types are used by the Town:

Governmental fund types are those through which all governmental functions of the Town are financed. The Town's expendable financial resources and related assets and liabilities are accounted for through governmental funds. Governmental funds are accounted for using the current financial resources measurement focus and the modified accrual basis of accounting.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Measurement Focus, Basis of Accounting and Basis of Presentation (Continued)

Governmental fund types (Continued)

The Town's major governmental fund types are as follows:

The **General Fund, a major fund** and a budgeted fund, is the general operating fund of the Town and accounts for all revenues and expenditures of the Town except those required to be accounted for in other funds. All general tax revenues and other receipts that: a) are not allocated by law or contractual agreement to other funds, or b) that have not been restricted, committed, or assigned to other funds are accounted for in the General Fund. General operating expenditures and the capital improvement costs that are not paid through other funds are paid from the General Fund.

The **Capital Projects Fund, a major fund** and a budgeted fund, is used to account for and report financial resources that are restricted, committed, or assigned for expenditures of capital outlay related to equipment, site acquisitions, construction, renovation of capital facilities, and other capital assets for the Town, except for those financed by other funds.

Special Revenue Funds are used to account for and report the proceeds of specific revenue sources (that are expected to continue to comprise a substantial portion of the inflows of the fund) that are restricted or committed to expenditures for specified purposes other than debt service or capital projects. The Town has the following major Special Revenue Funds:

- i. The **State Accommodations Tax Fund, a major fund** and a budgeted fund, is used to account for and report the financial resources received and disbursed related to a portion of the hotel/motel 2% fee levied by the State of South Carolina and remitted to the Town that are legally restricted for advertising, promotion and tourism-related expenditures.
- ii. The **County Accommodations Tax Fund, a major fund** and a budgeted fund, is used to account for and report the financial resources received and disbursed related to the allocation of Charleston County Accommodations Fees received that are legally restricted for advertising, promotion and tourism-related expenditures.
- iii. The **Local Accommodations Tax Fund, a major fund** and a budgeted fund, is used to account for and report the financial resources received and disbursed related to the 1% fee imposed on the rental of any accommodations within the Town that are legally restricted for advertising, promotion and tourism-related expenditures.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Measurement Focus, Basis of Accounting and Basis of Presentation (Continued)

Special Revenue Funds (Continued)

- iv. The **Beverage Permits Fund, a major fund** and a budgeted fund, is used to account for and report the financial resources received and disbursed related to the fee imposed by the State of South Carolina on Sunday liquor sales that is restricted for capital and tourism-related expenditures.
- v. The **Hospitality Tax Fund, a major fund** and a budgeted fund, is used to account for and report the financial resources received and disbursed related to the 1% tax imposed by Charleston County on food and beverage sales within the Town that is restricted for tourism-related expenditures.
- vi. The **Victims' Assistance Fund, a major fund** and a budgeted fund, is used to account for and report the financial resources received and disbursed related to the fees from court fines that is restricted for victims' assistance.

C. Cash and Cash Equivalents

The Town considers all highly liquid investments (including restricted assets) with original maturities of three months or less when purchased and investments in the South Carolina Pooled Investment Fund (the "Pool"), if any, to be cash equivalents. Securities with an initial maturity of more than three months (from when initially purchased) that are not purchased from the Pool are reported as investments.

D. Investments

The Town's investment policy is designed to operate within existing statutes (which are identical for all funds and fund types within the State of South Carolina) that authorize the Town to invest in the following:

- (a) Obligations of the United States and its agencies, the principal and interest of which is fully guaranteed by the United States.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Investments (Continued)

- (b) Obligations issued by the Federal Financing Bank, Federal Farm Credit Bank, the Bank of Cooperatives, the Federal Intermediate Credit Bank, the Federal Land Banks, the Federal Home Loan Banks, the Federal Home Loan Mortgage Corporation, the Federal National Mortgage Association, the Government National Mortgage Association, the Federal Housing Administration, and the Farmers Home Administration, if, at the time of investment, the obligor has a long-term, unenhanced, unsecured debt rating in one of the top two ratings categories, without regard to a refinement or gradation of rating category by numerical modifier or otherwise, issued by at least two nationally recognized credit rating organizations.
- (c) General obligations of the State of South Carolina or any of its political units; or revenue obligations of the State of South Carolina or its political units, if, at the time of investment, the obligor has a long-term, unenhanced, unsecured debt rating in one of the top two ratings categories, without regard to a refinement or gradation of rating category by numerical modifier or otherwise, issued by at least two nationally recognized credit rating organizations.
- (d) Savings and Loan Associations to the extent that the same are insured by an agency of the federal government.
- (e) Certificates of deposit where the certificates are collaterally secured by securities of the type described in (a) and (b) above held by a third-party as escrow agent or custodian, of a market value not less than the amount of the certificates of deposit so secured, including interest; provided, however, such collateral shall not be required to the extent the same are insured by an agency of the federal government.
- (f) Repurchase agreements when collateralized by securities as set forth in this section.
- (g) No load open-end or closed-end management type investment companies or investment trusts registered under the Investment Company Act of 1940, as amended, where the investment is made by a bank or trust company or savings and loan association or other financial institution when acting as trustee or agent for a bond or other debt issue of that local government unit, political subdivision, or county treasurer if the particular portfolio of the investment company or investment trust in which the investment is made: (i) is limited to obligations described in items (a), (b), (c), and (f) of this subsection, and (ii) has among its objectives the attempt to maintain a constant net asset value of \$1 a share and to that end, value its assets by the amortized cost method.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Investments (Continued)

The Town's cash investment objectives are preservation of capital, liquidity and yield. The Town reports its cash and investments at fair value which is normally determined by quoted market prices. During the past year, the Town's only investment was in the South Carolina Local Government Investment Pool.

E. Receivables and Payables

During the course of its operations, the Town has numerous transactions occurring between funds. These transactions include expenditures and transfers of resources to provide various services. The accompanying financial statements generally reflect such transactions as transfers. To the extent that certain transactions between funds had not been paid or received as of the year-end, balances of interfund amounts or payables have been recorded.

All trade receivables are shown net of an allowance for uncollectibles (if any).

F. Prepaid Items

Prepaid balances are for payments made by the Town in the current year to obtain services in the subsequent fiscal year. The Town uses the consumption method to account for these items. The portion of fund balance shown as non-spendable for prepaid items has been recognized to signify that a portion of fund balances is not available for other subsequent expenditures.

G. Capital Assets

General capital assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide Statement of Net Position, but are not reported in the fund financial statements.

All capital assets are valued at historical cost or estimated historical cost, if actual historical cost is not available. Donated capital assets are recorded at estimated acquisition value (as estimated by the Town) at the date of donation. As allowed by GASB No. 34, the Town has elected to prospectively report public domain ("infrastructure") general capital assets. Therefore, infrastructure capital assets acquired prior to July 1, 2003 have not been recorded. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. The Town maintains a minimum capitalization threshold of \$1,000 for all capital assets and a useful life of two years.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Capital Assets (Continued)

All reported capital assets, except land and construction in progress, are depreciated. Improvements are capitalized over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

Furniture and fixtures	5 – 7 years
Signs and fences	10 – 15 years
Equipment	3 – 5 years
Computers and software	3 years
Vehicles	3 – 5 years
Municipal center	10 – 40 years
Infrastructure	20 – 50 years

H. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements. All current payables and accrued liabilities from governmental funds are reported in the governmental fund financial statements.

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities on the Statement of Net Position. When applicable, bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bond issuance costs are recorded as expenses in the period the debt is issued. Bonds payable are reported net of the applicable bond premiums or discounts, if applicable.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

I. Deferred Outflows and Inflows of Resources

In addition to assets, the Statement of Net Position reports a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Town currently has two types of deferred outflows of resources: 1) the Town reports deferred pension charges in its Statement of Net Position in connection with its participation in the South Carolina Retirement System and the South Carolina Police Officers' Retirement System, and 2) the Town reports deferred OPEB charges in its Statement of Net Position in connection with the OPEB Plan. The deferred pension and OPEB charges are either: (a) recognized in the subsequent period as a reduction of the net pension/OPEB liability (which includes contributions made after the measurement date), or (b) amortized in a systematic and rational method as pension/OPEB expense in future periods in accordance with GAAP.

In addition to liabilities, the Statement of Net Position and the governmental funds Balance Sheet reports a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Town currently has three types of deferred inflows of resources: 1) the Town reports unavailable revenue only in the governmental funds Balance Sheet; it is deferred and recognized as an inflow of resources (revenues) in the period the amounts become available, 2) the Town also reports deferred pension credits in its Statement of Net Position in connection with its participation in the South Carolina Retirement System and South Carolina Police Officers' Retirement System, and 3) the Town reports deferred OPEB credits in its Statement of Net Position in connection with the OPEB Plan. The deferred pension and OPEB credits are amortized in a systematic and rational method and recognized as a reduction of pension/OPEB expense in future periods in accordance with GAAP.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

J. Fund Equity

Fund equity at the governmental fund financial reporting level is classified as “fund balance.” Fund equity for all other reporting is classified as “net position.”

Fund Balance – Generally, fund balance represents the difference between the assets and deferred outflows of resources and liabilities and deferred inflows of resources under the current *financial resources measurement focus of accounting*. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the Town is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Fund balances are classified as follows:

Non-spendable – Fund balances are reported as non-spendable when amounts cannot be spent because they are either: (a) not in a spendable form, or (b) legally or contractually required to be maintained intact.

Restricted – Fund balances are reported as restricted when there are limitations imposed on their use, either through the enabling legislation adopted by the Town or through external restrictions imposed by creditors, grantors or laws and regulations of other governments.

Committed – Fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed by formal action of the Town Council through the adoption of a resolution. Only the Town Council may modify or rescind the commitment.

Assigned – Fund balances are reported as assigned when amounts are constrained by the Town’s intent to be used for specific purposes, but are neither restricted nor committed. Intent can be expressed by the Council or by an official or body to which the Council delegates the authority. The Town Council has not delegated such authority as of June 30, 2024.

Unassigned – Fund balances are reported as unassigned as the residual amount when the balances do not meet any of the above criterion. The Town reports positive unassigned fund balance only in the General Fund. Negative unassigned fund balances may be reported in all funds.

Flow Assumptions – When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the Town’s policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the Town’s policy to use fund balance in the following order: 1) committed, 2) assigned, and 3) unassigned.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

J. Fund Equity (Continued)

Net Position – Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources in reporting which utilizes the *economic resources measurement focus*. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when limitations are imposed on its use, either through the enabling legislation adopted by the Town or through external restrictions imposed by creditors, grantors or laws and regulations of other governments. All other net position is reported as unrestricted.

The Town applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

K. Pensions and Other Post-employment Benefits (“OPEB”)

In government-wide financial statements, pensions and OPEB are required to be recognized and disclosed using the accrual basis of accounting (see Note 10 and the required supplementary information immediately following the notes to the financial statements for more information), regardless of the amounts recognized as pension and OPEB expenditures on the modified accrual basis of accounting. The Town recognizes a net pension liability for each plan for which it participates, which represents the excess of the total pension liability over the fiduciary net position of the qualified plan, or the Town’s proportionate share thereof in the case of a cost-sharing multiple-employer plan, measured as of the Town’s fiscal year-end. Changes in the net pension and OPEB liabilities during the period are recorded as pension and OPEB expenses, or as deferred outflows or inflows of resources, depending on the nature of the change, in the period incurred. Those changes in net pension and total OPEB liabilities that are recorded as deferred outflows or inflows of resources that arise from changes in actuarial assumptions or other inputs and differences between expected or actual experience are amortized over the weighted average remaining service life of all participants in the respective qualified plan and recorded as a component of pension and OPEB expense beginning with the period in which they are incurred. Any projected earnings on qualified pension and OPEB plan investments are recognized as a component of pension and OPEB expense. Differences between projected and actual investment earnings are reported as deferred outflows or inflows of resources and amortized as a component of pension and OPEB expense on a closed basis over a five-year period beginning with the period in which the difference occurred.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

L. Accounting Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions. Those estimates and assumptions affect the reported amounts of assets and deferred outflows of resources and liabilities and deferred inflows of resources and disclosure of these balances as of the date of the financial statements. In addition, they affect the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates and assumptions.

NOTE 2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. Budgetary Information

Annual budgets are adopted on a basis consistent with GAAP for all funds. The Town's procedures are as follows:

1. Prior to July 1, the Ways and Means Committee submits to the Mayor and Town Council a proposed budget for the year commencing July 1. The operating budget includes proposed expenditures/expenses and the means of financing them.
2. The Council legally enacts the budget through the passage of an ordinance.
3. The Mayor is responsible for the administration of the budget. Town Council shall approve any budgeted operating expenditure/expense for which insufficient funds remain. The budget may be modified during the year only by a majority vote of Town Council.
4. Budget to actual comparison is employed as a management control device during the year for all funds.
5. All annual appropriations lapse at year-end.
6. Budgets, as reported in the financial statements, are as originally passed by ordinance and subsequently amended by Council.

There was an amendment to the budget on February 6, 2024.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (CONTINUED)

B. Excess Expenditures over Appropriations

For the fiscal year ended June 30, 2024, the following funds had expenditures that exceeded appropriations:

Fund	Excess
State Accommodations Tax Fund	\$ 435,545
Local Accommodations Tax Fund	23,129
Hospitality Tax Fund	82,815

These overspendings were funded by excess of revenues over appropriations.

NOTE 3. DEPOSITS AND INVESTMENTS

Custodial Credit Risk for Deposits: Custodial credit risk for deposits is the risk that, in the event of a bank failure, the Town's deposits might not be recovered. The Town follows the South Carolina Code of Laws Section 6-5-15 as its policy for custodial credit risk which states that to the extent that these deposits exceed the amount of insurance coverage provided by the Federal Deposit Insurance Corporation, the bank or savings and loan association at the time of deposit must: 1) furnish an indemnity bond in a responsible surety company authorized to do business in this State; or 2) pledge as collateral: a) obligations of the United States; b) obligations fully guaranteed both as to principal and interest by the United States; c) general obligations of this State or any political subdivision of this State; or d) obligations of the Federal National Mortgage Association, the Federal Home Loan Bank, Federal Farm Credit Bank, or the Federal Home Loan Mortgage Corporation; or provide an irrevocable letter of credit issued by the Federal National Mortgage Association, the Federal Home Loan Bank, Federal Farm Credit Bank, or the Federal Home Loan Mortgage Corporation, in which the local entity is named as beneficiary and the letter of credit otherwise meets the criteria established and prescribed by the local entity. As of June 30, 2024, the Town's bank balances were properly collateralized.

As of June 30, 2024, the Town had the following cash equivalents and maturities:

Cash Equivalents	Maturity	Percentage	Fair Value
South Carolina Government Investment Pool	54 days	100%	\$ 38,490,797

NOTES TO THE FINANCIAL STATEMENTS

NOTE 3. DEPOSITS AND INVESTMENTS (CONTINUED)

Custodial Credit Risk for Deposits (Continued): South Carolina Local Government Investment Pool (“LGIP” or “Pool”) amounts are held by the South Carolina State Treasurer’s Office, which established the South Carolina Pool pursuant to Section 6-6-10 of the South Carolina Code. The Pool is an investment trust fund, in which public monies in excess of current needs, which are under the custody of any city treasurer or any governing body of a political subdivision of the State, may be deposited. In accordance with GASB Statement No. 31 *“Accounting and Financial Reporting for Certain Investments and for External Investment Pools”* and GASB Statement No. 72 *“Fair Value Measurement and Application”*, investments are carried at fair value determined annually based upon: a) quoted market prices for identical or similar investments, or b) observable inputs other than quoted market prices. The total fair value of the Pool is apportioned to the entities with funds invested on an equal basis for each share owned, which are acquired at a cost of \$1. Funds may be deposited by Pool participants at any time and may be withdrawn upon 24 hours’ notice. Financial statements for the Pool may be obtained by writing to the:

Office of State Treasurer
Local Government Investment Pool
P.O. Box 11778
Columbia, SC 29211-1960

Interest Rate Risk: The Town’s investment policy limits the weighted average maturity of investments to less than five years.

Custodial Credit Risk for Investments: Custodial credit risk for investments is the risk that, in the event of a bank failure, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Town’s investments policy states that an independent third-party with whom the bank has a current custodial agreement with will always hold collateral and that a clearly marked evidence of ownership must be supplied to the Town and retained.

Credit Risk for Investments: Custodial credit risk for investments is the risk that, in the event of a bank failure, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Town’s investment policy for credit risk states that the risk shall be mitigated by investing in safe institutions, but does not have strict guidelines regarding credit ratings. The Town follows the investment policy statutes of the State of South Carolina related to credit risk for investments.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 3. DEPOSITS AND INVESTMENTS (CONTINUED)

Concentration of Credit Risk for Investments: The Town's investment policy states that no more than 50% of the Town's investment portfolio will be invested in a single security type. Investments issued by or explicitly guaranteed by the U.S. Government and investments in mutual funds, external investment pools and other pooled investments are exempt from concentration of credit risk disclosures.

A reconciliation of cash and investments as shown in the Statement of Net Position follows:

General Fund resources are used to fund compensated absences. The entire compensated absences balance is considered current based on past experience, as very few employees carry forward any balances.

NOTE 8. COMMITMENTS AND CONTINGENCIES

A. Agreements

In May 2024, the Town entered into a five-year contract with Trident Waste & Recycling, LLC for the collection and disposal of residential solid waste, recycling and yard debris. The contract includes an option for the Town to unilaterally renew two additional one-year terms. The contract stipulates the amounts to be paid based on service types and frequencies, which vary from year to year. For the year ended June 30, 2024, the total expense was \$345,488.

In February 2023, the Town reentered into a contract with Island Beach Services, LLC dba Barrier Island Ocean Rescue for code enforcement services, specifically focusing on enforcing the Town's short term rental ordinance. This one-year agreement includes an option to renew for two additional one-year extensions. The annual cost of this contract is \$389,376 and is funded through the General Fund from short-term rental application fees.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 8. COMMITMENTS AND CONTINGENCIES (CONTINUED)

A. Agreements (Continued)

Additionally, the Town has an existing contract with the Island Beach Services, LLC, dba Barrier Island Ocean Rescue, for beach patrol and safety services for the beach guests. This agreement, effective February 2022, has a three-year term with options for two one-year extensions. The annual cost of this contract is \$584,000, funded from County and State Accommodations Taxes.

The Town reentered into an annual contract with the Charleston County Sheriff's Office for police protection, traffic control and emergency response. This contract is effective from February 6, 2024 through December 31, 2024. It provides for two deputies 24/7, with two additional deputies on the first shift during weekends from Friday before Memorial Day through Labor Day. The deputies are compensated at an hourly rate of \$55 through the Town's payroll system. For the year ended June 30, 2024, the total expense for this contract was \$463,619, funded from State and Local Accommodations Taxes, and the General Fund.

In January 2022, the Town entered into a three-year contract with Artigues Landscape & Maintenance, LLC for weekly landscape maintenance and litter removal at the Municipal Center, Kiawah Island Parkway and Round-About at Freshfields. This agreement includes two optional one-year extensions and has a maximum annual cost of \$188,650. Funding for this contract comes from Hospitality Tax and the General Fund.

B. Litigation

The Town is involved in several ongoing litigation matters. In the opinion of management and legal counsel, none of these matters pending at fiscal year-end materially impact the accuracy and the completeness of the Town's FY 2023-2024 financial statements. Subsequent to the fiscal year-end, the Town became involved in additional litigation matters. While the ultimate resolution of these matters is uncertain, in the opinion of management and legal counsel, they are unlikely to have a material impact on the Town's financial position.

NOTE 9. RISK MANAGEMENT

The Town is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets, errors and omissions, and natural disasters. For all of these risks, the Town is a member of the South Carolina State Fiscal Accountability Authority Insurance Reserve Fund, a public entity risk pool operating as a common risk management and insurance program for South Carolina governments for general risk. The Town pays an annual premium for this coverage. For the year ended June 30, 2024, the Town made premium payments totaling \$109,085. The State Insurance Reserve Fund is self-sustaining through member premiums and reinsures through commercial companies for certain claims. The Insurance Reserve Fund's net position from its most recently issued audited financial statements as of June 30, 2023 was \$190,315,999.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 9. RISK MANAGEMENT (CONTINUED)

The Town also participates in the South Carolina State Accident Fund, a public entity risk pool operating as a common risk management and insurance program for workers' compensation. The Town pays an annual premium for this coverage. For the year ended June 30, 2024, the Town made payments totaling \$31,724. The State Accident Fund's net position from its most recently issued audited financial statements as of June 30, 2023 was \$61,483,191.

The Town has also joined together with other local governments in the South Carolina Employee Insurance Program ("EIP") to provide medical, dental and life insurance for its employees. This is also a public entity risk pool operating as a common risk management and insurance program. Effective July 1, 2012, the South Carolina General Assembly transferred administration of the EIP to the South Carolina Public Employee Benefit Authority ("PEBA"). For the year ended June 30, 2024, the Town made premium payments totaling approximately \$255,562. The EIP's net position from its most recently issued audited financial statements as of June 30, 2023 was approximately \$408,900,000.

For the above risk management programs, the Town has not significantly reduced insurance coverage from the previous year and settled claims in excess of insurance coverage for the last three years were immaterial. For each of the insurance programs and public entity risk pools in which the Town participates, the Town has effectively transferred all risk with no liability for unfunded claims.

NOTE 10. EMPLOYEE BENEFITS

A. Retirement Plans

The South Carolina Public Employee Benefit Authority ("PEBA"), created July 1, 2012, is the State agency responsible for the administration and management of the various retirement systems and retirement programs of the state of South Carolina, including the State Optional Retirement Program and the South Carolina Deferred Compensation Program, as well as the State's employee insurance programs. As such, PEBA is responsible for administering the South Carolina Retirement Systems' ("SCRS") five defined benefit pension plans. PEBA has an 11-member Board of Directors, appointed by the Governor and General Assembly leadership, which serves as custodian, co-trustee and co-fiduciary of the Retirement Systems and the assets of the retirement trust funds. The Retirement System Investment Commission ("Commission" as the governing body, "RSIC" as the agency), created by the General Assembly in 2005, has exclusive authority to invest and manage the retirement trust funds' assets. The Commission, an eight-member board, serves as co-trustee and co-fiduciary for the assets of the retirement trust funds. By law, the State Fiscal Accountability Authority ("SFAA"), which consists of five elected officials, also reviews certain PEBA Board decisions regarding the actuary of the Retirement Systems.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 10. EMPLOYEE BENEFITS (CONTINUED)

A. Retirement Plans (Continued)

For purposes of measuring the net pension liability, deferred outflows and inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Retirement Systems and additions to/deductions from the Retirement Systems' fiduciary net position have been determined on the accrual basis of accounting as they are reported by the Retirement Systems in accordance with GAAP. For this purpose, revenues are recognized when earned and expenses are recognized when incurred. Benefit and refund expenses are recognized when due and payable in accordance with the terms of the plan. Investments are reported at fair value.

PEBA issues an Annual Comprehensive Financial Report ("ACFR") containing financial statements and required supplementary information for the Retirement Systems' Pension Trust Funds. The ACFR is publicly available through the Retirement Benefits' link on PEBA's website at www.peba.sc.gov, or a copy may be obtained by submitting a request to:

PEBA
202 Arbor Lake Drive
Columbia, SC 29223

PEBA is considered a division of the primary government of the state of South Carolina and, therefore, retirement trust fund financial information is also included in the ACFR of the State.

Plan Description

The South Carolina Retirement System ("SCRS"), a cost-sharing multiple-employer defined benefit pension plan, was established effective July 1, 1945, pursuant to the provisions of Section 9-1-20 of the South Carolina Code of Laws for the purpose of providing retirement and other benefits for employees of the State, its public school districts and political subdivisions. SCRS covers employees of State agencies, public school districts and participating charter schools, public higher education institutions, other participating local subdivisions of government and individuals first elected to the South Carolina General Assembly at or after the general election in November 2012.

The South Carolina Police Officers' Retirement System ("PORS"), a cost-sharing multiple-employer defined benefit pension plan, was established effective July 1, 1962, pursuant to the provisions of Section 9-11-20 of the South Carolina Code of Laws for the purpose of providing retirement and other benefits to police officers and firefighters. PORS also covers peace officers, coroners, probate judges and magistrates.

Plan Membership

Membership requirements are prescribed in Title 9 of the South Carolina Code of Laws. A brief summary of the requirements under each Retirement System is presented below.

- SCRS – Generally, all employees of covered employers are required to participate in and contribute to the Retirement System as a condition of employment. This plan covers general employees and teachers and individuals first elected to the South Carolina General Assembly at or after the general election in November 2012. A member of the Retirement System with an effective date of membership prior to July 1, 2012 is a Class Two member. An employee member of the Retirement System with an effective date of membership on or after July 1, 2012 is a Class Three member.
- PORS – To be eligible for PORS membership, an employee must be required by the terms of his or her employment, by election or appointment, to preserve public order, protect life and property, and detect crimes in the State; to prevent and control property destruction by fire; or to serve as a peace officer employed by the Department of Corrections, the Department of Juvenile Justice, or the Department of Mental Health. Probate judges and coroners may elect membership in the PORS. Magistrates are required to participate in the PORS for service as a magistrate. PORS members, other than magistrates and probate judges, must also earn at least \$2,000 per year and devote at least 1,600 hours per year to this work, unless exempted by statute. A member of the Retirement System with an effective date of membership prior to July 1, 2012 is a Class Two member. An employee member of the Retirement System with an effective date of membership on or after July 1, 2012 is a Class Three member.

Plan Benefits

Benefit terms are prescribed in Title 9 of the South Carolina Code of Laws. PEBA does not have the authority to establish or amend benefit terms without a legislative change in the code of laws. Key elements of the benefit calculation include the benefit multiplier, years of service and average final compensation/current annual salary. A brief summary of benefit terms for each Retirement System is presented below:

NOTE 10. EMPLOYEE BENEFITS (CONTINUED)

A. Retirement Plans (Continued)

Plan Benefits (Continued)

- SCRS – A Class Two member who has separated from service with at least five or more years of earned service is eligible for a monthly pension at age 65, or with 28 years credited service regardless of age. A member may elect early retirement with reduced pension benefits payable at age 55 with 25 years of service credit. A Class Three member who has separated from service with at least eight or more years of earned service is eligible for a monthly pension upon satisfying the “Rule of 90” requirement that the total of the member’s age and the member’s creditable service equals at least 90 years. Both Class Two and Class Three members are eligible to receive a reduced deferred annuity at age 60 if they satisfy the five- or eight-year earned service requirement, respectively. An incidental death benefit is also available to beneficiaries of active and retired members of employers who participate in the death benefit program.

The annual retirement allowance of eligible retirees or their surviving annuitants is increased by the lesser of 1%, or \$500 every July 1. Only those annuitants in receipt of a benefit on July 1 of the preceding year are eligible to receive the increase. Members who retire under the early retirement provisions at age 55 with 25 years of service are not eligible for the benefit adjustment until the second July 1 after reaching age 60, or the second July 1 after the date they would have had 28 years of service credit had they not retired.

- PORS – A Class Two member who has separated from service with at least five or more years of earned service is eligible for a monthly pension at age 55, or with 25 years of service regardless of age. A Class Three member who has separated from service with at least eight or more years of earned service is eligible for a monthly pension at age 55, or with 27 years of service regardless of age. Both Class Two and Class Three members are eligible to receive a deferred annuity at age 55 with five or eight years of earned service, respectively. An incidental death benefit is also available to beneficiaries of active and retired members of employers who participate in the death benefit program. Accidental death benefits are also provided upon the death of an active member working for a covered employer whose death was a natural and proximate result of an injury incurred while in the performance of duty.

The retirement allowance of eligible retirees or their surviving annuitants is increased by the lesser of 1%, or \$500 every July 1. Only those annuitants in receipt of a benefit on July 1 of the preceding year are eligible to receive the increase.

Plan Contributions

Actuarial valuations are performed annually by an external consulting actuary to ensure applicable contribution rates satisfy the funding parameters specified in Title 9 of the South Carolina Code of Laws. Under these provisions, SCRS and PORS contribution requirements must be sufficient to maintain an amortization period for the financing of the unfunded actuarial accrued liability (“UAAL”) over a period that does not exceed the number of years scheduled in state statute. The Retirement Funding and Administration Act of 2017 increased, but also established a ceiling, for SCRS and PORS employee contribution rates. Effective July 1, 2017, employee rates were increased to a capped rate of 9.00% for SCRS and 9.75% for PORS. The legislation also increased employer contribution rates beginning July 1, 2017, for both SCRS and PORS until reaching 18.56% for SCRS and 21.24% for PORS. The legislation included a further provision that if the scheduled contributions are not sufficient to meet the funding periods set in state statute, the PEBA board would increase the employer contribution rates as necessary to meet the funding periods set for the applicable year.

Pension reform legislation modified statute such that the employer contribution rates for SCRS and PORS to be further increased, not to exceed one-half of 1% in any one year if necessary, in order to improve the funding of the plans. The statute set rates intended to reduce the unfunded liability of SCRS and PORS to the maximum amortization period of 20 years from 30 years over a 10-year schedule, as determined by the annual actuarial valuations of the plan. Finally, under the revised statute, the contribution rates for SCRS and PORS may not be decreased until the plans are at least 85% funded.

Plan Contributions (Continued)

As noted earlier, both employees and the Town are required to contribute to the plans at rates established and as amended by the PEBA. The Town's contributions are actuarially determined but are communicated to and paid by the Town as a percentage of the employees' annual eligible compensation. Required employer and employee contribution rates for the past three years are as follows:

	<u>SCRS Rates</u>			<u>PORS Rates</u>		
	<u>2022</u>	<u>2023</u>	<u>2024</u>	<u>2022</u>	<u>2023</u>	<u>2024</u>

Actuarial Assumptions and Methods

Actuarial valuations of the ongoing plan involve estimates of the reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and future salary increases. Amounts determined regarding the net pension liability are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. South Carolina State statute requires that an actuarial experience study be completed at least once in each five-year period. An experience report on the Retirement Systems was most recently issued for the period ended June 30, 2019.

The June 30, 2023 total pension liability, net pension liability and sensitivity information shown in this report were determined by the consulting actuary, Gabriel, Roeder, Smith and Company (“GRS”), and are based on an actuarial valuation performed as of July 1, 2022. The total pension liability was rolled-forward from the valuation date to the plans' fiscal year-end, June 30, 2023, using generally accepted actuarial principles. There was no legislation enacted during the 2023 legislative session that had a material change in the benefit provisions for any of the Retirement Systems.

The following table provides a summary of the actuarial assumptions and methods used to calculate the total pension liability as of June 30, 2023.

	<u>SCRS</u>	<u>PORS</u>
Actuarial cost method	Entry Age Normal	Entry Age Normal
Actuarial assumptions:		
Investment rate of return	7.00%	7.00%
Projected salary increases	3.0% to 11.0% (varies by service)	3.5% to 10.5% (varies by service)
Benefit adjustments	Lesser of 1% or \$500 annually	Lesser of 1% or \$500 annually

Actuarial Assumptions and Methods (Continued)

The post-retiree mortality assumption is dependent upon the member's job category and gender. The base mortality assumptions, the 2020 Public Retirees of South Carolina Mortality table ("2020 PRSC"), was developed using the Retirement Systems' mortality experience. These base rates are adjusted for future improvement in mortality using 80% of Scale UMP projected from the year 2020.

Former Job Class	Males	Females
Educators	2020 PRSC Males multiplied by 95%	2020 PRSC Females multiplied by 94%
General Employees and Members of the General Assembly	2020 PRSC Males multiplied by 97%	2020 PRSC Females multiplied by 107%
Public Safety and Firefighters	2020 PRSC Males multiplied by 127%	2020 PRSC Females multiplied by 107%

Long-Term Expected Rate of Return

The long-term expected rate of return on pension plan investments is based upon 20-year capital market assumptions. The long-term expected rate of returns represent assumptions developed using an arithmetic building-block approach primarily based on consensus expectations and market based inputs. Expected returns are net of investment fees.

Long-Term Expected Rate of Return (Continued)

The expected returns, along with the expected inflation rate, form the basis for the target asset allocation adopted at the beginning of the 2023 fiscal year. The long-term expected rate of return is produced by weighting the expected future real rates of return by the target allocation percentage and adding expected inflation and is summarized in the following table. For actuarial purposes, the 7.00% assumed annual investment rate of return used in the calculation of the total pension liability includes a 4.75% real rate of return and a 2.25% inflation component.

<u>Allocation/Exposure</u>	<u>Policy Target</u>	<u>Expected Arithmetic Real Rate of Return</u>	<u>Long-Term Expected Portfolio Real Rate of Return</u>

Pension Liabilities, Pension Expense and Deferred Outflows/Inflows of Resources Related to Pensions

The net pension liability (“NPL”) is calculated separately for each Retirement System and represents that particular Retirement System’s total pension liability determined in accordance with GASB No. 67 less that Retirement System’s fiduciary net position. NPL totals, as of the June 30, 2023 measurement date, for the SCRS and PORS, are presented in the following table:

<u>Retirement System</u>	<u>Total Pension Liability</u>	<u>Plan Fiduciary Net Position</u>	<u>Employer's Net Pension Liability</u>	<u>Plan Fiduciary Net Position as a Percentage of the Pension</u>	<u>Town's Proportionate Share of the Collective Net Pension Liability</u>
SCRS	\$ 8,227,112	\$ 4,824,948	\$ 3,402,164	58.6%	0.014072%
PORS	\$ 1,801,080	\$ 1,220,895	\$ 580,185	67.8%	0.01906%

The total pension liability is calculated by the Retirement Systems’ actuary, and each plan’s fiduciary net position is reported in the Retirement Systems’ financial statements. The net pension liability is disclosed in accordance with the requirements of GASB No. 67 in the Retirement Systems’ notes to the financial statements and required supplementary information. Liability calculations performed by the Retirement Systems’ actuary for the purpose of satisfying the requirements of GASB Nos. 67 and 68 are not applicable for other purposes, such as determining the plans’ funding requirements.

At June 30, 2024, the Town reported liabilities of \$3,402,164 and \$580,185 for its proportionate share of the net pension liabilities for the SCRS and PORS, respectively. The net pension liabilities were measured as of June 30, 2023, and the total pension liabilities for the plans used to calculate the net pension liabilities were determined based on the most recent actuarial valuation report of July 1, 2022 that was projected forward to the measurement date. The Town’s proportion of the net pension liabilities were based on a projection of the Town’s long-term share of contributions to the plans relative to the projected contributions of all participating South Carolina State and Local governmental employers, actuarially determined. At the June 30, 2023 measurement date, the Town’s SCRS proportion was 0.014072%, which was a decrease of 0.000107% from its proportion measured as of June 30, 2022. At the June 30, 2023 measurement date, the Town’s PORS proportion was 0.01906%, which was an increase of 0.01414% from its proportion measured as of June 30, 2022.

Pension Liabilities, Pension Expense and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)

For the year ended June 30, 2024, the Town recognized pension expense of \$327,099 and \$180,549 for the SCRS and PORS, respectively. At June 30, 2024, the Town reported deferred outflows of resources (deferred pension charges) and deferred inflows of resources (deferred pension credits) related to pensions from the following sources:

SCRS	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 59,067	\$ 9,435
Changes of assumptions	52,126	-
Net difference between projected and actual earnings on pension plan investments	-	4,656

Aggregate Amounts

Aggregate amounts for all pension plans are as follows:

	<u>SCRS</u>	<u>PORS</u>	<u>Total</u>
Net pension liability	\$ 3,402,164	\$ 580,185	\$ 3,982,349
Deferred outflows	550,828	452,675	1,003,503
Deferred inflows	33,152	8,850	42,002
Pension expense	327,099	180,549	507,648

Discount Rate

The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers in the SCRS and PORS will be made based on the actuarially determined rates based on provisions in the South Carolina Code of Laws. Based on those assumptions, each Retirement Systems' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity Analysis

The following table presents the sensitivity of the Town's proportionate share of the net pension liability of the plans to changes in the discount rate, calculated using the discount rate of 7.00%, as well as what it would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00%) or 1-percentage-point higher (8.00%) than the current rate:

Payable to Plans

The Town reported payables of \$106,738 and \$38,194 to the PEBA as of June 30, 2024, representing required employer and employee contributions for the month of June 2024 for the SCRS and PORS, respectively. These amounts are included in accounts payable and accrued liabilities on the financial statements and were paid in July 2024.

B. Deferred Compensation Plans

Employees of the Town have the opportunity to participate in a deferred compensation plan under programs administered by the South Carolina Deferred Compensation Commission. The multiple-employer plan was created in accordance with Internal Revenue Code Section 401(k). The plan, available to all full-time Town employees, at their option, permits participants to defer a portion of their salary until future years. Only upon termination, retirement, disability, death, or an approved hardship is the deferred compensation available to an employee. Total employer matching payments for fiscal year ended June 30, 2024 were approximately \$42,595.

C. Other Post-employment Benefit Plan

Plan Description

The Town provides health, dental and vision benefits to eligible employees and their beneficiaries through a single-employer plan administered by the Town. The Town extends these benefits to retirees and beneficiaries that meet eligibility provisions of the Town's Post-employment Health Insurance Policy, as described below. The Town has not made any contributions to an irrevocable trust as of June 30, 2024, and no assets are accumulated in a trust as defined by GAAP.

Plan Membership

As of June 30, 2024, the last actuarial valuation, the following employees were covered by the OPEB Plan's benefit term:

Inactive Members or Beneficiaries Currently Receiving Benefits	1
Active Members	28
Total Membership	29

Plan Benefits and Contributions

Benefit terms are established and amended by the Mayor and Town Council and are based on years of service. Retirees of the Town who have been enrolled as an active participant in the South Carolina Public Employee Benefit Authority ("PEBA") Health Plan may elect to continue their coverage upon retirement. To receive employer funded State Health benefits, a retiree must be eligible for retirement under the SCRS based on the following requirements:

- Hired prior to July 1, 2012 – Retirees must be eligible to retire by meeting one of the following criteria: 1) attainment of age 60 and at least five years of service, or 2) attainment of age 55 and at least 25 years of service, or attainment of at least 28 years of service.
- Hired on or after July 1, 2012 – Retirees must have attained age 60 and have at least eight years of service or satisfy the "Rule of 90" requirement (age plus years of service credit equals 90).

The Town pays a portion of the total pre-65 medical or dental premiums under the PEBA plan on behalf of eligible members and dependents based on the number of years of service as follows:

Years of Service	Percentage of Premium Paid by the Town	
	Employer Share	Employee Share
Less than 5	0%	100%
5 – 10	15%	85%
11 – 20	30%	70%
20 or more	50%	50%

C. Other Post-employment Benefit Plan (Continued)

Plan Benefits and Contributions (Continued)

The Town's code of ordinances grants the authority to establish and amend the contribution requirements of the OPEB Plan to the Mayor and Town Council. Retirees pay a percentage of premium based on the years of service upon retirement as described above. During the year ended June 30, 2024, the Town paid benefits of \$8,015. The Town is not required to make contributions to pre-fund future benefits, and no such contributions have been made. Employees are not required to contribute to the OPEB Plan.

Actuarial Assumptions and Method

Actuarial valuations of the OPEB Plan involve estimates of the reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, inflation, healthcare cost trend rates, and future salary changes. Amounts determined regarding the total OPEB liability are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive OPEB Plan (the plan as understood by the employer and its members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The following table provides a summary of the significant actuarial assumptions and methods used in the latest actuarial valuation for the OPEB Plan.

Actuarial Valuation Date	June 30, 2024
Actuarial Cost Method	Entry Age Normal
Asset Valuation Method	Market Value
Actuarial Assumptions:	
Inflation	2.25%
Discount Rate	3.97%
Healthcare Cost Trend Rate	5.75% graded to 4.00% for 2036 and beyond
Payroll Growth	2.50% per year
Coverage Elections	100% of eligible retirees will elect coverage and 100% of those will elect to cover the spouse
Active Participation/Marriage	80% of all active employees are assumed to be married with female spouses assumed to be three years younger

Actuarial Assumptions and Method (Continued)

The discount rate was based on the Bond Buyer's 20 bond index.

The actuarial assumptions used in the June 30, 2024 valuation were based on the results of an actuarial experience study for the period July 1, 2023 through June 30, 2024.

OPEB Liabilities, OPEB Expense and Deferred Outflows/Inflows of Resources Related to OPEB

The Town's total OPEB liability was measured as of June 30, 2024, and the total OPEB liability used to calculate the total OPEB liability was determined by an actuarial valuation as of June 30, 2024.

	Total OPEB Liability (a)
	(a)
Balances as of June 30, 2023	\$ 300,204

OPEB Liabilities, OPEB Expense and Deferred Outflows/Inflows of Resources Related to OPEB (Continued)

For the year ended June 30, 2024, the Town recognized OPEB expense of approximately \$29,230. At June 30, 2024, the Town reported deferred outflows of resources (deferred OPEB charges) and deferred inflows of resources (deferred OPEB credits) related to OPEB from the following sources:

<u>Description</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 12,390	\$ 28,346
Change of assumptions	<u>12,710</u>	<u>23,841</u>
Total	<u>\$ 25,100</u>	<u>\$ 52,187</u>

Amounts reported as deferred outflows of resources (deferred OPEB charges) and deferred inflows of resources (deferred OPEB credits) related to the OPEB Plan will increase (decrease) OPEB expense as follows:

<u>Year Ending June 30,</u>	<u>Total</u>
2025	\$ (4,159)
2026	(6,436)
2027	(10,816)
2028	(4,081)
2029	<u>(1,595)</u>
Total	<u>\$ (27,087)</u>

Discount Rate

The discount rate used to measure the total OPEB liability was 3.97%. The Town has not made any contributions to an irrevocable trust and plans to continue on the pay-as-you-go basis. Therefore, the 20-year municipal bond index rate was applied to all periods of projected benefit payments to determine the OPEB liability.

As noted previously, the Town increased the discount rate from 3.65% to 3.97% for the year ended June 30, 2024.

COMPLIANCE SECTION

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

**The Honorable Mayor and Members
of the Town Council
Town of Kiawah Island
Kiawah Island, South Carolina**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of the Town of Kiawah Island, South Carolina (the "Town") as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements and have issued our report thereon dated September 20, 2024.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of Kiawah Island, South Carolina's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
