The Finance Director shall prepare a list of the Parcels subject to the Special Tax using the records of the County Assessor and the City's own records. The City shall identify the Taxable Parcels from a list of all Parcels within the CFD using the procedure described below.

- 1) Exclude all Tax-Exempt Parcels.
- 2) The remaining Parcels are subject to the Special Tax according to the formula detailed below.

It shall be the burden of the taxpayer to timely correct any errors in the determination of the Parcels subject to the Special Tax and their Special Tax assignments.

4. TERMINATION OF THE SPECIAL TAX

The Special Tax will be levied for as long as is needed to pay the principal and interest on debt incurred in order to construct the authorized facilities and to pay the Annual Costs. However, in no event shall the Special Tax be levied after Fiscal Year 2035-2036.

When all Annual Costs incurred by the CFD have been paid, the Special Tax shall cease to be levied. The Council shall direct the City Clerk to record a Notice of Cessation of Special Tax. Such notice will state that the obligation to pay the Special Tax has ceased and that the lien imposed by the Notice of Special Tax Lien is extinguished. The Notice of Cessation of Special Tax shall additionally identify the book and page of the Book of Maps of Assessment and Community Facilities Districts where the map of the boundaries of the CFD is recorded.

5. ASSIGNMENT OF MAXIMUM SPECIAL TAXES

By August 1 of each Fiscal Year, using the Definitions from Section 2 and the Maximum Special Tax from Attachment 1, the Finance Director shall assign the Maximum Special Taxes to Parcels as follows:

1. Each Parcel to be classified as a Tax-Exempt Parcel or a Taxable Parcel;
2. Each Taxable Parcel to be classified as an Original Parcel, a Successor Parcel, or a Partial Prepayment Parcel.

The assignment of the Maximum Special Tax to Taxable Parcels is as follows:

- a) Partial Prepayment Parcels — the Maximum Special Tax for all Partial Prepayment Parcels is assigned by multiplying the Maximum Special Tax from Attachment 1, or as otherwise calculated for a Successor Parcel, by the Partial Prepayment Factor for that Parcel.
- b) Original Parcel - the Maximum Special Tax for each Original Parcel is as shown on Attachment 1.
- c) Successor Parcel - the Maximum Special Tax for each Successor Parcel is determined as follows:
 - (i) If the Successor Parcel is the result of a single-family residential or individually-owned residential condominium Parcel Subdivision, divide the Maximum Special Tax assigned to the Original Parcel or Successor Parcel, as calculated under (c) above or (d)(ii) below, by the number of single-family residential Parcels or residential condominium units. The result of this calculation is the Maximum Special Tax for each single-family residential or residential condominium Successor Parcel within the Subdivision.
- d) Residential Unit/Maximum Special Tax Transfer - the Maximum Special Tax assigned to a residential Parcel under (a), (b), or (c) above, may be adjusted to reflect a change in the number of original residential units (as shown in Attachment 1) resulting from a transfer of units from one Taxable Parcel to another Taxable Parcel in the following manner:
 - (i) Calculate the existing Maximum Special Tax per unit by dividing the Maximum Special Tax for the Parcel by the number of units assigned to that Parcel;
 - (ii) Calculate the total Maximum Special Tax being transferred by multiplying the number of units being transferred by the calculation in (i) above. Add the total Maximum Special Tax and number units being transferred to the Parcel(s) receiving the transferred units and Maximum Special Tax.

- (iii) Subtract the total Maximum Special Tax and the number of residential units being transferred, as identified in step (ii) above, from the Parcel transferring the Maximum Special Tax and the residential units.

Such unit and Special Tax transfer will be allowed under the following conditions:

- (i) any decrease in one Parcel's Maximum Special Tax assignment is offset by an equal increase in the Maximum Special Tax of other Parcels to ensure that there is no net loss in the total Maximum Special Taxes; and,
 - (ii) all adjustments in the Special Tax are agreed to in writing by the affected property owners and the Finance Director.
- e) If the assignment of Maximum Special Taxes to Successor Parcels under step c) above or through a transfer of Maximum Special Tax in step d) above results in unequal Maximum Special Taxes between residential Subdivisions within the subdivision of the CFD, the revised Maximum Special Taxes may be adjusted further to accommodate a uniform Special Tax between adjacent subdivisions. Such adjustments shall also be subject to the transfer conditions under step d) above.
- f) Conversion of a Tax-Exempt Parcel to a Taxable Parcel - if a parcel designated as a Public Parcel is not needed for public use and is converted to a private use, it shall become subject to the Special Tax. The Maximum Special Tax for each such Parcel shall be set equal to the average Maximum Special Tax per unit or acre for Parcels with similar land use designations, as determined by the Finance Director.
- g) Taxable Parcels Acquired by a Public Agency -- A Taxable Parcel that is acquired by a public agency after the CFD is formed will remain subject to the applicable Special Tax unless the Special Tax obligation is satisfied pursuant to Section 53317.5 of the Government Code. An exception to this may be made if a Public Parcel within the CFD is relocated to a Taxable Parcel, the previously Tax-Exempt Parcel of comparable acreage becomes a Taxable Parcel, and the Maximum Special Tax from the previously Taxable Parcel is transferred to the newly Taxable Parcel. This trading of Parcels will be permitted to the extent that there is no net loss in Maximum CFD Revenue.

6. SETTING THE ANNUAL SPECIAL TAX LEVY

The Special Tax levy for each Parcel will be established annually as follows:

- 1) Compute the Annual Costs using the definitions in Section 2.
- 2) Calculate the Special Tax for each Parcel as follows:

Step 1: Compute 100% of the Maximum Special Tax revenue for all Taxable Parcels.

- Step 2: Compare the Annual Costs with the Maximum Special Tax revenue calculated in the previous step.
- Step 3: If the Annual Costs are less than the Maximum Special Tax revenue, decrease proportionately the Special Tax levy for each Taxable Parcel until the Special Tax revenue equals the Annual Cost.
- 3) Prepare the Tax Collection Schedule for each Parcel and send it to the County Auditor requesting that it be placed on the general, secured property tax roll for the following Fiscal Year. The Tax Collection Schedule shall not be sent later than the date required by the Auditor for such inclusion.

The City shall make every effort to correctly assign the number of taxable units and calculate the Special Tax for each parcel. It shall be the burden of the taxpayer to correct any errors in the determination of the parcels subject to the tax and their Special Tax assignments.

As development and subdivision of Woodcreek East takes place, the Finance Director will maintain a file of each current assessor's parcel number within the CFD and the authorized Maximum Special Tax on all such Parcels available for public inspection. This record shall show the Maximum Special Tax on all Original and Successor Parcels and a brief description of the process of assigning the Maximum Special Tax each time a Successor Parcel was created. The record will also indicate whether a Parcel is a Prepayment Parcel or a Partial Prepayment Parcel. Any taxpayer who feels that the amount of the Special Tax assigned to a Parcel is in error may file a notice with the Finance Director appealing the levy of the Special Tax.

7. PREPAYMENT OF SPECIAL TAX OBLIGATION

With a Prepayment, a landowner may satisfy all or a portion of the Special Tax obligation on any given Parcel. Landowners may permanently satisfy all or part of the Special Tax obligation by a cash settlement with the City as permitted under Government Code Section 53344. Prepayment is permitted only under the following conditions:

- Prepayments must be made by May 1 in order to have the Prepayment reflected in the following Fiscal Year's Special Tax Levy.
- The Parcel is a whole Original Parcel greater than one acre, a Successor Parcel greater than ten acres, or a group of contiguous Successor Parcels, greater than or equal to ten gross acres, with a common owner. However, if an Original Parcel or a Successor Parcel larger than ten acres is subdivided by a final Large-Lot Subdivision Map and a Successor Parcel less than ten acres results, the smaller Successor Parcel(s) will be allowed to take advantage of the same Prepayment provisions offered to the Parcel from which it was created.
- The City determines that the Prepayment of the Special Tax obligation does not jeopardize its ability to make timely payments of debt service on Outstanding Bonds.

- Any landowner prepaying the Special Tax obligation must pay any and all delinquent Special Taxes and penalties for the prepaying Parcel.
- Prior to the calculation of the prepayment amount, the landowner must notify the City whether such landowner intends to execute a full Prepayment or Partial Prepayment. If the landowner intends to execute a Partial Prepayment, the landowner shall further notify the City of the dollar amount of the intended Prepayment. In no event shall a Partial Prepayment be for less than twenty-five percent (25%) of the full Prepayment amount.

The Full Prepayment amount shall be established by following the steps below. The Partial Prepayment is calculated by following the steps in Part B below. Transfers from the Reserve Fund for a Full or Partial Prepayment are described in Part C below.

Part A: Prepayment of Outstanding Bond Share

- Step A.1: Determine the Maximum Special Tax for the Parcel based on the assignment of the Maximum Special Tax described in Section 5 above.
- Step A.2: Determine the "Benefit Share" by dividing the Maximum Special Tax determined in Step A.1 above by the Maximum CFD Revenue for all Parcels in the CFD.
- Step A.3: Determine the Bond Share for the Parcel by multiplying the Benefit Share From Step A.2 above by the total amount of Outstanding Bonds issued by the CFD.
- Step A.4: Calculate the Reserve Fund Share associated with the Bond Share determined in Step A.3 above and reduce the Bond Share by the amount of the Reserve Fund Share. The Reserve Fund Share is equal to the reserve requirement on all Outstanding Bonds multiplied by the Benefit Share. At the City's discretion, the Reserve Fund Share may be withheld from the Prepayment calculation and refunded to the Prepaying landowner at the time that bonds are called.
- Step A.5: Determine the Outstanding Bond Share by adding to the amount calculated in Step A.4 above any fees, call premiums, amounts necessary to cover negative arbitrage from the date of the prepayment to first call date on the bonds, and expenses incurred by the City in connection with the prepayment calculation or the application of the proceeds of the prepayment.

Part B: Remaining Facility Cost Share

- Step B.1: Determine the Total Facility Cost Share for the Parcel by multiplying the Benefit Share from Part A, Step A.2 above by the Anticipated Facility Costs.
- Step B.2: Determine the share of facilities funded by bonds already issued by the CFD for the Parcel by multiplying the Benefit Share by the construction proceeds made available from all such bonds issued by the CFD. These amounts shall be

B

adjusted to the year of Prepayment by using the Engineering News Record Construction Cost Index.

- Step B.3: Determine the share of facilities funded with any pay-as-you-go special tax revenues by multiplying the Benefit Share by the total amount of pay-as-you-go funding used to acquire authorized facilities.
- Step B.4: Determine the remaining facility cost share for the Parcel by subtracting the results from Steps B.2 and B.3 above from the Total Facility Cost Share determined in Step B.1. (Notwithstanding the above, once the City has issued all bonds for the CFD, the remaining facility cost share shall be set to zero for purposes of this prepayment calculation.)
- Step B.5: The Bond Authorization for the CFD shall be reduced by an amount equal to the amount determined in Step B.4 above multiplied by a factor of 1.15.
- Step B.6: Combine the amount from Part A Step A.5 with the amount from Part B Step B.4 to arrive at the Full Prepayment amount.

Part C: Partial Prepayments

If the prepayment is a partial prepayment, then the property owner shall designate an amount which is less than the total prepayment amount determined above for the prepaying Parcel (or group of prepaying Parcels) that results in a bond call in a whole number multiple of \$5,000. In no event shall a Partial Prepayment be for less than twenty-five percent (25%) of the full Prepayment amount. The City shall then determine the Partial Prepayment Factor by the following procedure:

- Step C.1: Subtract the amount of the Partial Prepayment from the Full Prepayment amount calculated in Step B.6 above;
- Step C.2: Subtract any fixed costs (such as the cost of the Prepayment calculation and other fees that do not vary proportionally with the size of the prepayment) of the Prepayment from the Full Prepayment amount;
- Step C.3: Divide the result of Step 1 by the result of Step C.2 above; and,
- Step C.4: If a Partial Prepayment has previously been made for this Parcel, multiply the result of Step C. 3 above times the previously calculated Partial Prepayment Factor.

Part D: Transfers

Make the appropriate transfers from the Reserve Fund to the prepayment fund, as follows:

- Step D1: For a Full Prepayment transfer the amount of the Reserve Fund Share.

Step D.2: For a Partial Prepayment, transfer an amount equal to the Reserve Fund Share times one minus the Partial Prepayment Factor.

8. ADMINISTRATIVE CHANGES AND APPEALS

The Finance Director or designee has the authority to make necessary administrative adjustments to the Rate and Method of Apportionment in order to remedy any portions of the Special Tax formula that require clarification.

Any taxpayer who feels that the amount of the Special Tax assigned to a parcel is in error may file a notice with the Finance Director appealing the levy of the Special Tax. The Finance Director will then promptly review the appeal, and if necessary, meet with the applicant. If the Finance Director verifies that the tax should be modified or changed, a recommendation at that time will be made to the City Council and, as appropriate, the Special Tax levy shall be corrected and, if applicable in any case, a refund shall be granted.

Interpretations may be made by Resolution of the City Council for purposes of clarifying any vagueness or ambiguity as it relates to the Special Tax rate, the method of apportionment, the classification of properties or any definition applicable to the CFD.

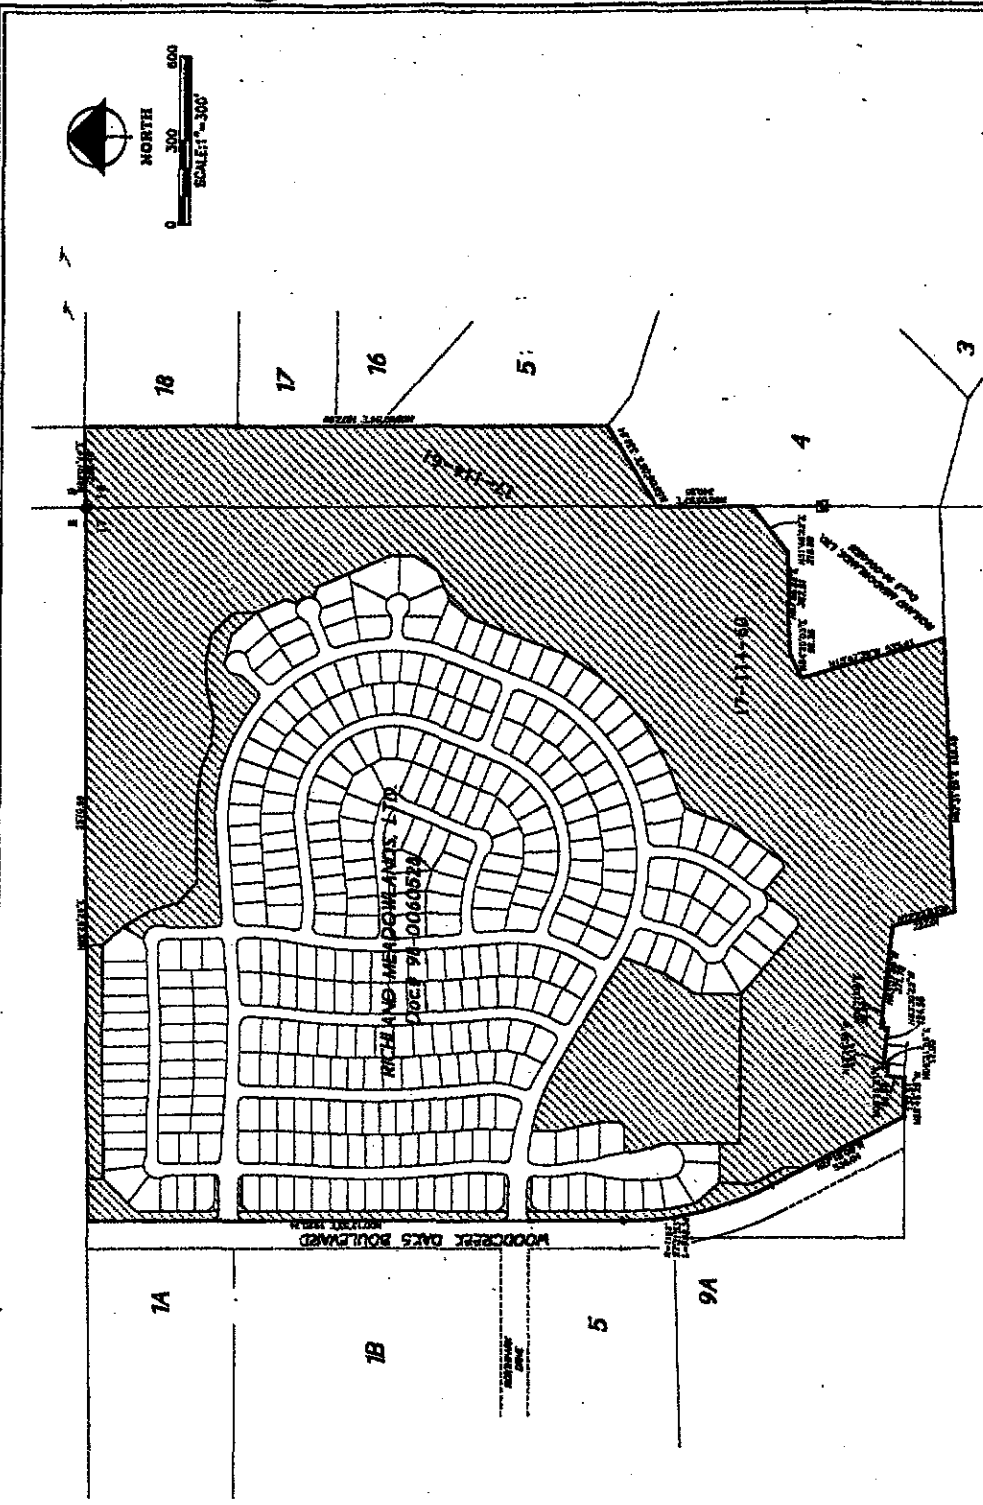

9. MANNER OF COLLECTION

The Special Tax will be collected in the same manner and at the same time as *ad valorem* property taxes; provided, however, that the City or its designee may directly bill the Special Tax and may collect the Special Tax at a different time, such as on a monthly or other periodic basis, or in a different manner, if necessary to meet its financial obligation.
