Senate Bill 1389 (SB 1389, Bowen and Sher, Chapter 568, Statutes of 2002) requires the California Energy Commission to:

"[C]onduct assessments and forecasts of all aspects of energy industry supply, production, transportation, delivery and distribution, demand, and prices. The Energy Commission shall use these assessments and forecasts **to develop energy policies that conserve resources, protect the environment, ensure energy reliability, enhance the state's economy, and protect public health and safety.**" (Pub. Res. Code § 25301(a)).

The California Energy Commission adopts an Integrated Energy Policy Report (IEPR, pronounced eye'-per) every two years and an update every other year. This proceeding, docket # 23-IEPR-01, will cover the *2023 Integrated Energy Policy Report*.
