

November 21, 2022  
Hartsville-Trousdale County  
Water & Sewer Utility District  
Public Hearing

The Public meeting was called to order by Chairman Bay.

The public meeting was called to provide information about the Trousdale County application for a Drinking Water State Revolving Fund Loan in the amount of \$2.25M to construct a 2.0 MG Water Storage tank and the resulting impact on monthly water bills.

Evan White, Mid Tenn Engineering, stated the long term and short-term benefits of this new storage tank would eliminate tank maintenance and rehabilitation on older water storage tanks that are currently in service.

No members of the public were in attendance.

The meeting was adjourned.
