9. **County Mayor Report** - Jack McCall

- Moving towards a solution for the curbs with the Streetscape project. Mayor McCall and Cliff Sallee have a plan to correct these.

- Ward School - still waiting on the final grant approval.

- Hope to be back in the court house next month.

- Trey Park - Commissioner T. (Bubba) Gregory will address this under committee reports.

- Phase 1 of the environmental study for the Ward School Property, the eight acres that used to be the city dump, has been approved by the EPA. They will be able to give us an idea what will be involved in the clean-up. This will also be funded by a grant.

- We have received 3 bids from engineering firms for the multi-modal project on Broadway. An engineer will be chosen fairly soon.

- Progress is being made on the Hwy 141 Bypass bridge project. Lots of dirt is being moved.

13. Public Comment

Mr. Dean Sprague, co- owner of Mudlark . He was still inquiring about permission to set up food trucks on county owned property. He said he still hadn't received any information from the mayor's office on who authorized The Ridge Coffee truck to set up on county property. He was told that we were working on a permitting system, but that was all he'd been told. He would like a list of county locations that could be used at no charge. He specified that he has nothing against the other business, but that it all should be able to use the property or it shouldn't be used by anyone.

Commissioner Chris Gregory asked Co. Attorney Bellar and Mayor McCall where we are with the permitting process. Co. Attorney Bellar stated that it was his recommendation to the mayor's office that no one be allowed to use the property. The Mayor's office chose to follow recommendation of Co. Attorney Bellar. They are still looking in to food trucks and how the county should be dealing with the situation. He has not finished working on this at this time.
