9. **County Mayor Report** - Jack McCall

- Spoke with Blake Holder about the 90 feet beyond the lot across from the jail. He didn't say no, but he wants to talk it over with his brother first. He also spoke with Cliff Sallee and Mr. Holder about clearing out the tree line without crossing property boundaries.

- Jim Lankford with Spirit Architecture will be in town of Tuesday just visiting. Mayor McCall plans on revisiting the jail committee to get that going again now that we have the property and get an answer on the boundary.

- EPA will be here on Tuesday also. They are just going to make an official report that there were no findings on the eight acres of the Ward School property. This will give us freedom to work on the next grant to work on the nature trail.

- The gentleman that will be doing the work on the curbs in town has not gotten back with the mayor as to when he will start. We do have the money left over from that grant that will pay for this work. Comm. Gulley would like more detailed numbers from the funds that were not used in this project. Mayor McCall said that he'd get him the breakdown.
