## **City of Lebanon**

*Change 9, July 6, 2010 7-7*

### **7-107. Open burning restricted. Open burning within the city is restricted as follows:**

(1) No person shall cause, suffer, allow or permit open burning of refuse, garbage, trade waste, trees, limbs, leaves, brush, grass, flammables, combustibles, or materials from construction or salvage operations except upon written permit issued by the fire chief of Lebanon, Tennessee or his duly authorized representative.

(2) Open burning as listed below may be conducted without permit provided that no public nuisance is or will be created by the open burning:

(a) Fires used for the cooking of food or for ceremonial or recreational purposes including barbecues and outdoor fireplaces:

(b) Fires set for the training and instruction of firemen or for research in fire protection or prevention.

(3) The fire chief for the City of Lebanon or his duly authorized representative shall issue permits for open burning if the following conditions are met;

(a) A written request is filed with the fire chief giving the reason why no method except open burning can be employed to dispose of the material involved, the amount and kind of material to be burned, the exact location where the burning will take place, and the dates when the open burning will be accomplished.

(b) Approval for the open burning is received from the fire chief or fire inspector.

(c) The open burning shall be accomplished between the hours of nine (9:00) o'clock A.M. and four (4:00) o'clock P.M. or as otherwise authorized by the fire chief or fire inspector.

(4) The grant of permission and/or the issuance of a permit as described above will not relieve the person responsible for such burning from the consequences of any damages, injuries, or claims resulting from such open burning. Likewise, the issuance of a permit to allow open burning shall not cause the City of Lebanon or its duly authorized representatives to become responsible for the consequences arising out of the permitted burning.

(5) Nothing in this section shall be construed to conflict or be contrary to the Tennessee Air Quality Act (Tennessee Code Annotated, § 68-22-108, et seq.), and the person or organization seeking a permit shall be solely responsible for compliance with the Act in the event a permit is issued. (Ord. 88-647, §§ 1-5, as replaced by Ord. #97-1575, Feb. 1997, and renumbered by Ord. #06-2921, July 2006)

How do I obtain a burn permit?

Fire pits or recreational fires at your residence can be done without a permit as long as the size of your fire bed does not exceed three (3) ft. x three (3) ft.

If your fire is larger than a three (3) ft. x three (3) ft. and you live within the corporate city limits of Goodlettsville you can obtain a permit at Goodlettsville City Hall for \$5.00. City Hall is located at 105 S. Main Street, hours of operation are Monday through Friday 8:00 am to 4:00 pm. You may call City Hall with any burn permit questions at 615-851-2200.

If your location falls within the Metro Nashville boundaries, check with the Nashville Fire Marshall's Office at 615-862-5230.

### **Burn Permits**

- The City of Goodlettsville does not issue permits in Davidson County. Davidson County residents must call 615-862-5421 to obtain a permit.
- Sumner County residents must call or email the Customer Service Center to obtain permit
- One permit covers 3 consecutive days
- Permits are \$5.00

**Town of Ashland City**

# **Online Burn Permits**

The Ashland City Fire Department has made [BURN PERMITS](#) within Ashland City limits available online. With City Hall Closed and Social Distancing practices, we wanted to continue to issue these permits.

REMINDER: Burn Permits are required year round for residents who are WITHIN Ashland City Limits. Residents in the county are still required to obtain state permit through May 15th.

Materials permitted to burn are still limited to Land Clearing and Natural Vegetation Grown on your property.
