  - D. Other
4. Public Comment
5. Adjourn

## ARTICLE VII PLANNED UNIT DEVELOPMENT DISTRICT REGULATIONS

### SECTION

7.010 Planned Unit Development District Description and Purpose

7.020 General Provisions

7.030 Administrative Procedure

7.040 RPUD, Residential Planned Unit Development Districts

7.050 CMUPUD, Commercial Mixed Use Planned Unit Development Districts

#### 7.010. PLANNED UNIT DEVELOPMENT DISTRICT DESCRIPTION AND PURPOSE

These regulations are designed to promote flexibility in design and permit planned diversification in the location of structures; to promote efficient use of land that will facilitate a more economic arrangement of buildings; circulation systems, land use and utilities; to preserve as much as possible existing landscape features and utilize them in a harmonious fashion; to encourage the total planning of tracts of land; and to provide a mechanism for the ownership of land, utilities, streets, and facilities in common as well as the maintenance and disposition thereof.

In Trousdale County, two (2) types of Planned Unit Development Districts are permitted: Residential (RPUDs) and Commercial Mixed Use (CMUPUDs).

#### 7.020. GENERAL PROVISIONS

1. Master Plan Required

No application for PUD zoning shall be considered unless a master plan meeting the requirements set forth in Article VII is submitted therewith.

2. Ownership and Division of Land

No tract of land may be considered for or approved as a planned development unless such tract is under single ownership. The holder(s) of a written option to purchase, any governmental agency, or a redeveloper under contract shall be considered landowners for purposes of this section. Unless otherwise provided as a condition of approval of a PUD, the landowner of an approved PUD may divide and transfer parts of such development. The transferee shall complete each such unit and use and maintain it in strict conformance with the adopted final master plan. Prior to the transfer of any section, a subdivision plat shall be filed with the planning commission.

3. Relationship to Subdivision Regulations

The uniqueness of each proposal for a planned unit development may require that specifications for the width and surfacing of streets, public ways, public utility rights-of-way, curbs, and other standards be subject to modification from the specifications established in the subdivision regulations adopted by the planning commission. Modifications may be

incorporated only with the approval of the master plan for a PUD and granted as a variance in the preliminary approval of the PUD which must be concurrent with the final approval of the master plan by the planning commission.

4. Development Period, Staging Schedule

The expeditious construction of any PUD shall be undertaken to assist in the assurance of the full completion of the development in accordance with the approved master plan.

Within one (1) year after the date of approval, actual construction shall have commenced in such development. In the event that construction has not been started, the planning commission may conduct a hearing on the review of the PUD and may proceed to cancel or extend such final master plan depending on the circumstances of each case.

The planning commission may permit the development to be constructed in stages so that the completion is achieved in a logical manner. The following provisions shall govern the staging schedule:

1. In a residential planned unit development, the ratio of gross floor area of commercial activity to residential activity in the plan as initially approved or amended shall not be exceeded at any given stage of construction.
2. Each stage be so planned and so related to existing surroundings and available facilities and services that failure to proceed to the subsequent stages will not have an adverse impact on the planned unit development or its surroundings at any stage of the development.

5. Common Open Space, and Facilities

Any common open space or public or private facilities shall be subject to the following provisions:

1. The location, shape, size, and character of common open space shall be reviewed in detail, and it must be used for amenity or recreational purposes. The uses authorized for the common open space must be appropriate to the scale and character of the planned development considering its size, density, expected population, topography, and the number and type of dwellings or structures to be provided.
2. Common open space must be suitably improved for its intended uses but common open space containing natural features worthy of preservation may be left unimproved. The buildings, structures, and improvements which are permitted in the common open space must be appropriate to the uses which are authorized for common open space and must conserve and enhance the amenities of the common open space with regard to its topography and unimproved condition.

3. The planning commission may require that the landowner provide for and establish an organization for the ownership and maintenance of any common open space and facilities and such organization shall not be dissolved nor shall it dispose of any common open space, by sale or otherwise (except to an organization conceived and established to own and maintain the common open space), without first offering to dedicate the same to an appropriate public agency and said dedication be approved by the planning commission. However, the conditions of any transfer shall conform to the adopted final master plan.

4. In the event that the organization established to own and maintain the common open space, or any successor organization, shall at any time after the establishment of the planned unit development fail to maintain the common open space in reasonable order and condition in accordance with the adopted master plan, the Building Commissioner (Inspector?) or his/her designee may serve written notice upon such organization and/or the owners or residents of the planned unit development and hold a public hearing. After thirty (30) days when deficiencies of maintenance are not corrected, the Building Commissioner (Inspector?) or his/her designee shall call upon any public or private agency to maintain the common open space for a period of one (1) year. When the Building Commissioner (Inspector?) or his/her designee determines that the organization is not prepared for the maintenance of the common open space such agency shall continue maintenance for yearly periods.

5. The cost of such maintenance by such agency shall be assessed proportionally against the properties within the planned unit development that have a right of enjoyment of the common open space and shall become a lien on said properties.

6. If the common open space is deeded to a Homeowners' Association, the Developer shall file a declaration of covenants and restrictions that will govern the association, to be submitted with the application for preliminary approval. The provisions shall include, but not be limited to the following:

1. The Homeowners' Association must be set up before the homes are sold.
2. Membership must be mandatory for each homebuyer and any successive buyer.
3. The open space restrictions must be permanent, not just for a period of years.
4. The association must be responsible for liability insurance, local taxes, and the maintenance of recreational and other facilities.
5. Homeowners must pay their prorata share of the cost and the assessment levied by the association can become a lien on the property.
6. The association must be able to adjust the assessment to meet changing needs.

7. The Trousdale County Regional Planning Commission and the County Commission may, as a condition of approval in accordance with the master development plan, require that suitable areas for streets, public rights-of-way, schools, parks, or other public areas be set aside, improved, and/or dedicated for public use.

### **7.030. ADMINISTRATIVE PROCEDURE**

The provisions of this section govern the procedure for approval for all PUDs as provided herein.

#### **1. Preliminary Approval**

Application for preliminary approval shall be made by the landowner of the affected property or his/her authorized agent to the Building Department in accordance with such written general rules regarding general procedure, form of application, and required information as the planning commission may determine, provided they are not inconsistent herewith. The application for preliminary approval shall be accompanied by:

1. The preliminary master plan for the proposed planned unit development shall be a general concept which shall include such items as the planning commission by general rule shall specify in order to disclose:
  1. The location and size of the area involved,
  2. Transportation routes including streets, driveways, sidewalks, and pedestrian ways, and off-street parking and loading areas,
  3. Location and approximate dimensions of structures including approximate height and bulk and the utilization of structures including activities and the number of living units,
  4. Estimated population and density and extent of activities to be allocated to parts of the project,
  5. Reservations for public uses including schools, parks and other open spaces,
  6. Other major landscaping features, and
  7. The general means of the disposition of sanitary wastes and storm water.
2. A tabulation of the land area to be devoted to various uses and activities and overall densities.
3. The nature of the landowner's interest in the land proposed to be developed and a written statement or concurrence from all parties having a beneficial interest in the affected property.
4. The substance of covenants, grants of easements or other restrictions to be imposed upon the use of the land, buildings and structures including proposed easements for public utilities.

5. A stage development schedule, setting forth when the landowner intends to commence construction and a completion period.

6. When it is proposed that the final master development plan will be submitted in stages, a schedule of submission thereof.

2. Zoning Amendment

After approval of the preliminary master plan, the planning commission shall recommend an amendment to the County Commission reclassifying the proposed PUD to the appropriate planned unit development district. After County Commission approval of the amendment, the landowner may submit a final master plan to the planning commission, and the planning commission is authorized to proceed with all future details of the project.

3. Application for Final Approval

Within one (1) year of the preliminary approval and rezoning of a planned unit development, the landowner may make application to the planning commission for final approval, provided that the proposed master development plan and other elements associated with the planned unit development are in substantial compliance with the substance of the preliminary approval. The application shall include all aspects of the preliminary application, the proposed final master development plan, other required drawings, specifications, covenants, easements, conditions and forms of surety as were set forth by the planning commission resolution of preliminary approval. Copies of all legal documents required for dedication or reservation of group or common open space and/or for the creation of a nonprofit association shall also be submitted. When appropriate, this application shall contain the stated development schedule.

4. Final Approval of Stages

The application for final approval and the final approval by the planning commission may be limited to each stage as appropriate in a large planned unit development, in compliance with Article VII.

5. Final Master Development Plan of a Planned Unit Development

The final master plan of a planned unit development for the entire development, or as submitted in stages if authorized, shall be substantially consistent with the approved preliminary master development plan receiving preliminary approval plus the following:

The location of water, sewerage, and drainage facilities; detailed building and landscaping plans and elevations; character and location of signs; plans for street improvements; and grading and earth moving plans showing existing and proposed topography. The final master development plan shall be sufficiently detailed to indicate fully the ultimate operation and appearance of the development.

6. Amendments to the PUD

The terms, conditions, and the final master plan of a PUD may be changed from time to time by official action of the planning commission. Any such amendments must remain in compliance with the appropriate zoning regulations and comply with the following:

The landowner, the residents and/or owners of or in the PUD may apply to the planning commission for an amendment to the master plan. The planning commission may approve such amendment so long as the original intent is not abrogated and the change does not in any way damage any part of the PUD or any adjoining properties. Minor changes in the location, siting, and height of the buildings may be authorized by the planning commission if required by engineering or other circumstances of the location not foreseen at the time of final approval. Other changes in use, rearrangement of lots, blocks, or building tracts, provisions for open space, or any other desired change must be justified by changes in conditions or markets since the final plan was approved.

#### 7. Subdivision Plat Required

A PUD may be subdivided and sold. When this is to be the case at the time of submission of the final master plan, a final subdivision plat shall also be submitted meeting the requirements for a final plat to be recorded in the office of the Trowsdale County Register of Deeds.

When the subdivision includes attached dwellings in either a horizontal or vertical relationship, the final plat shall also contain an "as-built" building and boundary survey showing the complete and accurate dimensions and angles of the boundary of the parcel(s) on which the unit is located. In a vertical relationship (for example a second-floor apartment) the plat must contain a datum plane or other suitable location reference. In meeting this requirement, it is necessary that the upper and lower limits of each level of each dwelling unit be identified specifically in relation to the vertical reference.

#### 8. Building Reconstruction

In the event a building is substantially damaged or destroyed by fire or natural disaster, such building may be reconstructed in exact compliance with the approved master plan. No change in any dimension or location shall be permitted without an official amendment approved by the planning commission.

#### 9. Zoning Considerations

When an area is submitted for PUD approval, the planning commission in its deliberations shall consider the character of the proposed development in relationship to the surrounding area. No such development shall be approved where the streets providing access cannot handle the additional traffic load or where the water system is incapable of meeting the fire flow requirements.

The development shall be so planned, designed, and constructed so as to avoid undue traffic congestion in the surrounding area and provide a satisfactory relationship of land use of the planned unit development with the surrounding area, making use of landscaping, screening, open space, and building placement where required and in keeping with accepted land planning principals.

## **7.040. RPUD, RESIDENTIAL PLANNED UNIT DEVELOPMENT DISTRICTS**

### **1. Permitted Uses**

Within an approved RPUD, the following uses and their accessory structures may be permitted by the planning commission as a part of the approval process:

1. Residential Activities
  1. Single Detached Dwellings
  2. Duplex Dwellings
  3. Multi-Family Dwellings
  
2. Community Facility Activities
  1. Community Assembly
  2. Cultural and Recreational Services
  3. Essential Services
  
3. Commercial Activities

In RPUDs of one hundred (100) acres or larger, convenience commercial activities may be permitted to serve the regular recurring needs of the residents, provided that such commercial areas shall not exceed five (5) percent of the total acreage of the RPUD.

All such commercial areas shall meet the following additional requirements:

1. The building design shall be compatible with the remainder of the RPUD.
2. No outside storage shall be permitted, and trash disposal facilities shall be completely enclosed by walls or materials that compliment all other buildings.
3. Off-street parking areas shall be paved and landscaped. A permanently landscaped front yard shall be maintained a minimum of fifteen (15) feet wide which shall not be used for parking and with only driveways crossing said yard. Permanently landscaped side and rear yards at least ten (10) feet wide shall also be maintained.
4. All signs advertising the nature or names of the businesses shall be constructed flat against the walls of the building and shall not extend above or beyond any wall of the building. One such sign shall be permitted for each business located therein provided further that such sign shall not exceed thirty (30) square feet in size. All signs shall be either non illuminated or any lighting must be indirect. Portable signs of any kind are prohibited.
5. Any loading service area shall be in the rear of the building.
6. The planning commission may attach other landscaping or design requirements as needed in order to protect any adjoining or neighboring uses.

2. Dimensional Requirements

All RPUDs shall comply with the following area regulations:

1. Minimum Size

Five (5) acres.

2. Front Yard

1. There shall be a thirty (30) foot front yard setback for all buildings.
2. Where the RPUD fronts on a street with other houses on adjacent properties also fronting on such street which have front yards greater than thirty (30) feet, then no building shall be closer to the street line than the minimum setback established by the existing buildings.

3. Peripheral Boundary

All buildings shall maintain a minimum setback from the peripheral boundary of the RPUD of not less than thirty (30) feet.

4. Other Yard Requirements

Within the boundary of the RPUD, other than the required yards above, no yard requirements are established. The planning commission shall specify internal yards as part of the approval of the final master plan based upon the type of buildings and nature of the PUD. At a minimum, Fire Code and Building Code separation requirements shall be met.

5. Lot Area and Frontage

In the case of detached dwellings no lot shall be approved with an area of less than eight thousand (8,000) square feet and a street frontage of less than seventy-five (75) feet at the building setback line.

6. Maximum Height of Buildings

No building shall exceed three (3) stories or thirty-five (35) feet in height.

7. Density of Development

The maximum overall residential density shall be specified in terms of the number of dwelling units per gross acre of the acreage of the entire development. The maximum density shall be as follows:

1. For a RPUD containing only single-family detached dwellings - 4.35 dwelling units per acre.
2. For a RPUD containing multi-family dwellings or a combination of building types - 12 dwelling units per acre.

3. Required Improvements

All RPUDs shall comply with the schedule of improvements required in this section.

1. Internal Streets

Within any RPUD, streets may be public or private. If the developer requests that the streets be dedicated to the public, specifications and procedures of the subdivision regulations for a paved street shall apply. Streets to be privately constructed and maintained, either by the landowner/developer or deeded to a Homeowners' Association shall be constructed to the specifications for public streets in the Trousdale County Subdivision Regulations.

1. Minimum pavement widths shall be as follows:

<b>Two-Way Street</b>	<b>22 ft.</b>
<b>One-Way Street</b>	<b>12 ft.</b>

2. Dead-end streets shall be provided with adequate turn-around with a minimum diameter of eighty (80) feet.

2. Off-Street Parking

All automobile storage areas shall be off-street with a minimum of two (2) spaces per dwelling unit. All off-street parking areas shall be paved, marked, and landscaped. Large expanses of pavement shall not be permitted to dominate a site, and the planning commission may require a variety of design and landscaping techniques to achieve this. Parking for other buildings shall be as defined in Section 5.010, of this resolution.

3. Utilities

The development shall be serviced with a public sanitary sewer system or an alternative sewage disposal system approved by the Trousdale County Health Department (Tennessee Dept. of Environment and Conservation?). The water systems shall be capable of providing 500 gallons per minute with 20 pounds per square inch residual pressure but at minimum, Fire Code and Building Code requirements shall be met. Fire hydrants shall be installed at a maximum of five hundred (500) feet apart except for areas of detached dwellings where the fire hydrants shall be spaced so that no dwelling is farther than five hundred (500) feet away from such hydrant.

4. Waste Disposal

If any central waste disposal containers are provided, they shall be completely enclosed and screened from view with materials to match the development.

5. Recreation and Open Space

Recreation uses provided as a part of a RPUD may include community buildings, swimming pools, golf courses, tennis courts, playgrounds, and similar activities. Where a RPUD includes multi-family buildings, recreation and open space is required. The amount of land established for permanent usable open space and recreational use shall be a minimum of fifteen (15) percent of the gross acreage.

## **7.050. CMUPUD, COMMERCIAL MIXED USE PLANNED UNIT DEVELOPMENT DISTRICTS**

### **1. Permitted Uses**

Within an approved CMUPUD, the following uses and their accessory structures may be permitted by the planning commission as part of the approval process.

1. Residential Activities  
Single Detached Dwellings  
Duplex Dwellings  
Multi-Family Dwellings
2. Commercial Activities  
Convenience Commercial  
Entertainment and Amusement  
Financial, Consultative, and Administrative Services  
Food and Beverage Services  
Food Service Drive-In  
General Business and Communication Services  
General Personal Services  
General Retail Trade  
Group Assembly  
Medical and Professional Services  
Transient Habitation
3. Community Facility Activities  
Essential Services

### **2. Dimensional Requirements**

All CMUPUD's shall comply with the following area regulations:

#### **1. Minimum Size**

Two (2) acres.

#### **2. Front Yard**

The front setback for buildings shall be forty (40) feet with a permanently landscaped front yard of ten (10) feet exclusive of driveways.

#### **3. Peripheral Boundary**

All buildings shall maintain a minimum setback from the peripheral boundary of the CMUPUD of not less than forty (40) feet. A minimum side and rear yard of ten (10) feet shall be maintained in a permanently landscaped manner.

4. Other Yard Requirements

Within the boundary of the CMUPUD other than the required yards above, no yard requirements are established. The planning commission shall specify internal yards as part of the approval of the final master plan based upon the type of buildings and nature of the CMUPUD. At a minimum, Fire Code and Building Code separation requirements shall be met.

5. Maximum Height of Buildings

No building shall exceed three (3) stories or thirty-five (35) feet in height.

6. Density of Development

The maximum overall residential density shall be specified in terms of the number of dwelling units per gross acre of the acreage of the entire development. The maximum density shall be as follows:

1. For a CMUPUD containing only single-family detached dwellings - 4.35 dwelling units per acre.
2. For a CMUPUD containing multi-family dwellings or a combination of building types - 12 dwelling units per acre.

7. Maximum Lot Coverage

The area occupied by all structures shall not exceed forty (40) percent of the total area of the CMUPUD.

3. Required Improvements

All CMUPUDs shall comply with the schedule of improvements regulated in this section.

1. Internal Streets

Within any CMUPUD, streets may be public or private. If the developer requests that the streets be dedicated to the public, specifications and procedures of the subdivision regulations for a paved street shall apply. Streets to be privately constructed and maintained either by the landowner/developer or an Owner's Association shall be constructed to the specifications for public streets in the Trousdale County Subdivision Regulations.

1. Minimum pavement widths shall be as follows:

<b>Two-Way Street</b>	<b>22 ft.</b>
<b>One-Way Street</b>	<b>12 ft.</b>

2. Dead-end streets shall be provided with adequate turn-around with a minimum diameter of eighty (80) feet.

2. Off-Street Parking and Loading

The off-street parking and loading requirements contained in Sections 5.010 and 5.020, shall apply. All off-street parking areas shall be paved, marked, and landscaped. Large expanses of pavement shall not be permitted to dominate a site, and the planning commission may require a variety of design and landscaping techniques to achieve this.

3. Utilities

The development shall be serviced with a public sanitary sewer system or an alternative sewage disposal system approved by the Trousdale County Health Department (Tennessee Dept. of Environment and Conservation?). Any construction in the CMUPUD district must have an available water supply such that a fire hydrant shall be placed within five hundred (500) feet of any point of any building in the development (as the hose lays) except for areas of detached dwellings where the fire hydrants shall be spaced so that no dwelling is farther than five hundred (500) feet away from such hydrant and said fire hydrant can supply 500 gallons per minute with 20 pounds per square inch residual pressure but at minimum, Fire Code and Building Code requirements shall be met.

4. Waste Disposal

Any central waste disposal containers shall be completely enclosed and screened from view with materials to match the developments.

5. Signs

Signs in CMUPUD's shall comply with the provisions contained in Section 5.080, of this resolution.

6. Landscaping

At least ten (10) percent of the total area of the CMUPUD shall be landscaped to enhance site appearance. Included in the ten (10) percent shall be the front, rear, and side yards of ten (10) feet around the periphery of the CMUPUD. Yards which directly abut agricultural or residential districts shall be buffered as provided in Section 4.120. The extent and type of buffering may be varied by the planning commission as part of the approval of the final master plan, based on the type of buildings and the nature of the CMUPUD.

1. Exceptions for Certain CMUPUD's

Notwithstanding the foregoing, upon determination by the Planning Commission that the proposed use within the CMUPUD will not result in direct retail activities or require access by the general public, the Planning Commission may:

1. Consider surrounding land uses and the visibility of the area to be developed within the CMUPUD from public streets and surrounding properties and on that basis modify or waive the yard, peripheral boundary, landscaping or buffering requirements otherwise applicable to the CMUPUD.
2. Waive or modify the required improvements set forth in Section 7.050.3 provided the Planning Commission shall require such health and safety provisions as are determined to be appropriate and shall require adequate provision for access considering the nature of the proposed use. The Planning Commission may place limits on the extent of the proposed use to assure that the health, safety and access provisions remain adequate.

HARTSVILLE/TROUSDALE COUNTY GOVERNMENT

**ORDINANCE #XXX-2025-XX**

**AN ORDINANCE TO AMEND TITLE 7 OF THE HARTSVILLE/TROUSDALE COUNTY CODE  
BY ADDING SECTION 7-207 BURN PERMITS**

**WHEREAS**, there is a need to provide for a safe and peaceful community for our citizens; and

**WHEREAS**, the Hartsville/Trousdale County Volunteer Fire Department along with the Codes and Zoning Committee recommends that current chapters within Title 7 of the Hartsville/Trousdale County Code be reviewed and edited to better service the community; and

**WHEREAS**, the Hartsville/Trousdale County Code Title 7 Fire Protection and Fireworks must reflect current laws, ordinances, and practices as required by the public.

**NOW, THEREFORE, BE IT ORDAINED** by the Hartsville/Trousdale County Commission meeting in regular session, that

SECTION 1. The Hartsville/Trousdale County Municipal Code Title 7 be amended as attached to this Ordinance by adding Section 7-207. Burn Permits.

SECTION 2. This ordinance shall take effect immediately upon its passage per the second reading by the County Commission, the public welfare requiring it.

*Recommended by the Codes & Zoning Committee on \_\_\_\_\_.

## CHAPTER 2

### FIRE CODE

#### SECTION

- 7-201 Fire Code Adopted
- 7-202 Enforcement
- 7-203 Definition of municipality
- 7-204 Gasoline Trucks
- 7-205 Variances
- 7-206 Violations

#### **7-207 Burn Permits**

**7-207. Burn Permits.** Subject refers to open burning within the Urban Services District and is Restricted as follows:

**Definition:** Open burning refers to the burning of any material in an open area where the combustion byproducts are released directly into the air and outside of an enclosed space.

**(1) Open Burning Permitted Without a Permit:** The following types of open burning may be conducted without a permit, provided that no public nuisance is or will be created by the open burning: (a) Fires used for the cooking of food or for ceremonial or recreational purposes, including barbecues, fire pits, and outdoor fireplaces. (b) Fires set for the training and instruction of firemen or for research in fire protection or prevention or Right-of-Way clearing by authorized contractor(s).

**(2) Open Burning Requiring a Permit:** The open burning of trees, limbs, leaves, brush, and grass shall be conducted by permit only.

**(3) Prohibited Open Burning:** No person shall cause, suffer, allow, or permit open burning of the following:

- Refuse
- Garbage
- Trade Waste
- Flammables
- Combustibles
- Wood Scraps
- Materials from Construction or Salvage Operations

**(4) Liability for Damages:** Adherence to these regulations will not relieve the person responsible for such burning from the consequences of any damages, injuries, or claims resulting from such open burning.

**(5) Compliance with Tennessee Air Quality Act:** Nothing in this section shall be construed to conflict with or be contrary to the Tennessee Air Quality Act (Tennessee Code Annotated, § 68-22-108, et seq.). The person or organization seeking a permit shall be solely responsible for compliance with the Act in the event a permit is issued.

- (6) Compliance with Tennessee Code Annotated (TCA):** Nothing in this section shall be construed to conflict with or be contrary to TCA 39-14-304 (Reckless Burning) or TCA 39-14-306 (Setting Fires at Certain Times Without a Permit).
- (7) Penalties for Non-Compliance:** Failure to obtain the required burn permit or to comply with the open burning regulations may result in punitive actions, including but not limited to fines, penalties, or other legal actions.
- (8) Ordinance Superseding:** Adoption of this ordinance voids, vacates, and supersedes Ordinance #9-93 entitled "An Ordinance of the Town of Hartsville, Tennessee, to amend Title 7, Chapter 2, Section 7-202 of the Hartsville Municipal Code."
- (9) Permit Application Availability:** Burn permit applications are available at the Trousdale County Clerk's office.
- (10) Application Fee:** A \$20 application fee is required with each burn permit application. This fee is to be reserved for the needs of the Volunteer Fire Department.
