Chief Jay Woodard gave his report on current fire department business, and spoke of a zoom meeting where brush truck was discussed.

Deputy Mark Carman followed with his report concerning EMA. They are currently working on SOGs in congruence with MTAS. He continued to explain the call volume for the month of October, saying it has received less calls now for covid cases. Carman said the newly bought radios have all been installed. There was an ambulance purchasing document that was examined. He next gave their financial report and spoke of vaccinations in their department. Deputy Carman relayed several reasons they now have four positions open in the department that are having to be covered down on. He also expressed concern that the EMA workers saw major decline in their pay while the bonus paychecks went out during the change over to direct deposit.

Motion to adjourn was made by Gary Walsh
