Land Lot(s): _____ District(s): _____ Parcel(s): _____
LDP #: _____ Building Permit #: _____
Wall Permit #: _____ Number of Walls: _____
Date of Plans: _____
Description and Location of Wall(s): _____

I, _____, being a registered Professional Engineer in the State of Georgia, P.E. # _____,
and being duly competent as regards retaining wall design and construction, and knowledgeable of the
requirements of the City of Winder development standards and ordinances, hereby certify with my signature
below:

- That the designs and plans prepared under my supervision being submitted herewith for retaining wall(s) have been performed in a manner consistent with that degree of care and skill ordinarily exercised by members of the engineering profession currently practicing under similar circumstances; and that said retaining wall(s):
 - Provide(s) factors of safety for sliding, bearing, overturning, and global stability;
 - Is/are in good practice as regards drainage and structural stability;
 - Is/are not designed to result in disturbance or erosion to other properties;
 - Do/does not block, cross, or eliminate access to any easement, buffer, setback, detention/retention pond, or tree save area.
- And that I have advised the owner listed above that said wall(s) must be constructed under the supervision of a qualified and registered Professional Engineer and licensed contractor so as to result in a safe and code-conforming installation.
- A sealed Engineer Letter of Certification is required prior to final site approval.

I hereby acknowledge that the City of Winder will issue this permit based upon my design.
